THOMPSON NAMED BY N. C. MOOSERS

Onslow Doctor Gets the Progressive Gubernatorial Nomination

SMALL CROWD AT CONVENTION

Iredell Meares and Jake Newell Nominated for Electors at Greensboro—Compromise on State Ticket

Greensboro, N. C., Sept. 3.—Less than 200 persons responded to the call for a mass State convention of Progressives, which was held here this afternoon and which named a full electoral ticket and a candidate for Governor. The question of naming a full State ticket was left with the executive committee. Dr. Cyrus Thompson, of Onslow county, was made the unanimous nominee of the party for Governor. Iredell Meares, of Wilmington, and Jake F. Newell, of Charlotte, were named as electors at large. It is understood a strong effort will be made to have the Republican convention at Charlotte tomorrow endorse Dr. Thompson.

The keynote speech of the convention was made by State Senator Everett Colby, of New Jersey, who in a glowing tribute to Col. Roosevelt, predicted his election, "if for no other purpose than to finish the great work which he started at Panama."

A telegram of good cheer from Col. Roosevelt was received with great enthusiasm.

Convention Events In Detail

(Special Star Telegram).

Greensboro, Sept. 3.—At the State convention of the Progressive party held here this afternoon about one-fourth of the counties were represented by about 150 delegates in the mass meeting. Iredell Meares, of New Hanover, presided and several extended speeches were made, the chief address being by State Senator Everett Colby, of New Jersey, a strong personal friend of Col. Roosevelt. The convention left with the State executive committee, the question of naming candidates for State and Congressional offices, this committee to meet here September 10th to decide what course to pursue. Dr. Cyrus Thompson, of Onslow, was nominated for Governor.

A full Roosevelt and Johnson electoral ticket was named as follows: Iredell Meares, of New Hanover; J. F. Newell, of Mecklenburg. District electors—First district, O. W. Swain, of Beaufort; Second, A. C. Brown, of Greene; Third, D. T. Henry, of Craven; Fourth, W. S. Bailey, of Nash; Fifth, James Ross, of Stokes; Sixth, D. L. Gore, of New Hanover; Seventh, Z. V. Walser, of Davidson; Eighth, W. P. Watson, of Caldwell; Ninth, T. N. Halliburton, of Burke; Tenth, Z. V. Watson, of Yancey.

The National Progressive platform was endorsed and electors pledged to vote for Roosevelt and Johnson. The platform committee reported a long State platform embracing 18 separate and distinct reforms, including the Torrens Land Title law, compulsory education, liberal appropriations for health purposes, modernizing the fax system, honest primary law for all parties, free school books and election of county superintendents of education by the people.

There was vigorous debate over the 18th plank which called for local self-government in words, which it was charged, meant a whiskey plank. J. F. Newell and Cliff Newell, of Mecklenburg, made a strong effort to keep the plank intact, but by a large majority the convention added an amendment expressly stating that this plank should not be construed as in any way declaring for the principle of local option in opposition to the present State-wide prohibition law.

The following were chosen as the State Central Executive Committee: John B. Respass, W. S. Pearson, Z. V. Walser, J. N. Williamson, W. A. Guthrie, Iredell Meares, Clyde Eby, Hiram Worth, T. M. Watson, S. S. McNinch, J. W. Peacock, John S. Fowler, and in addition two members from each Congressional district were named. Organization State Chairman J. N. Williamson declined election as permanent State chairman, and the committee was authorized to select a chairman at its meeting here September 10th.

Many of the delegates left tonight for Charlotte, where the regular Republican convention is to be held Wednesday. The most notable feature of the convention was the entire absence of any former Democrat as delegate and the presence of but few former leading or influential Republicans.

Danville, Va., Sept. 3.—The Phoenix Lumber Company, whose plant was recently wiped out by fire, has assigned, with liabilities placed at $40,000; assets not stated, but estimated at about $5,000. The company suffered heavy loss by flood last March. Owing to location and environment, only $4,000 insurance was carried against fire.

The Lord helps those who help themselves, but he also helps those who help others.

OHIO WOMEN FAIL TO WIN SUFFRAGE

Efforts to Gain Ballot Defeated in Constitutional Election

MOST AMENDMENTS CARRIED

Initiative and Referendum, Municipal Home Rule and Liquor License Adopted on the Face of Early Returns—Further Plans.

Columbus, O., Sept. 3.—The women of Ohio failed today in their effort to gain the ballot, according to indications of the early returns tonight on the vote on 42 proposed constitutional amendments. While the earliest figures on which this result is based come almost entirely from the larger cities of the State, Cleveland, Cincinnati, Columbus, Toledo and Dayton, it was in those places where the suffragists waged their most determined fights, and politicians said the result would not be changed by the final results. Most of the more important of the 42 proposed amendments, it is believed, will be carried.

The first 327 precincts of the 5,197 in the State give the following vote:

Equal suffrage: Yes, 15,848; no, 25,147.

Initiative and referendum: Yes, 30,954; no, 8,574.

Five million dollar good roads bonds issue: Yes, 22,072; no, 15,555.

Municipal home rule: Yes, 30,9445; no, 7,692.

Liquor license: Yes, 26,297; no, 8,312.

The women, it is said, will not give up their fight for the ballot, however, but plan to make use of the initiative and referendum to gain another vote.

MARTIAL LAW IN W. VA.

Conditions in Strike Zone Quiet—Ammunition Confiscated.

Charleston, W. Va., Sept. 3.—Conditions are quiet in the Kanawha strike zone tonight. Gov. Glasscock's declaration of martial law early today seemed to have a sobering effect.

Throughout Paint and Cabin creeks tonight, however, a tense situation exists and State militia, strikers, mine guards and operators all were alert.

A number of incorporated towns are included in the district placed under martial law. All civil authorities have ceased to perform their duties, and the execution of laws as under regular warfare, is being carried out as prescribed under rules of war.

During the first 12 hours of martial law the militia confiscated 200,000 rounds of ammunition, seven modern colt machine guns, 1,500 rifles of various kinds, and a bushel of revolvers.

Shortly after the declaration of martial law the militia swooped down on every person and every conceivable place where firearms might be found. In not a single instance was in necessary to make an arrest to secure weapons. It is said that many miners and mine guards, knowing that martial law was inevitable, fled to the mountains.

Gov. Glasscock has selected a courtmartial and military commission to try al of those commited by either soldiers or civilians in the territory.

Many of the miners tonight are pleased with the turn events took today. They say they can now rest in peace from threats alleged to have been made by mine guards.

Late tonight charges were brought against six persons, four of whom are mine guards. Gov. Glasscock endorsed the charges and they will be placed on trial before the mintary authorities tomorrow. All are charged with carrying concealed weapons.

WILSON IN NEW YORK TODAY

Will Meet Editors This Morning and Attend Dinner Tonight

New York, Sept. 3.—In addition to his other engagements in this city tomorrow, Governor Wilson will meet editors, writers and publishers of Italian, German, Yiddish, French and Hungarian newspapers of this country and correspondents of other publications. It is expected that Governor Wilson will discuss immigration with the representatives of the foreign language papers. He will meet them at the National Arts Club at 4:30 o'clock.

Arrangements were completed today for the dollar dinner of the Workingmen's Club at the Yorkville Casino, which Governor Wilson will attend in the evening. The galleries will be thrown open to those who cannot be accommodated at the banquet tables. Some of the speakers besides Governor Wilson will be Representative Sulzer, State Senator Robert F. Wagner and Mrs. John Sherwin Crosby, president of the Womens' National Democratic League.

Lynchburg, Va., Sept. 3.—L. G. Richards, of Roanoke, today won the amateur championship of Virginia at the Virginia Trap Shooters' Association meet here, with a score of 95 targets out of a hundred. Dr. Watson, of Roanoke, was second, with 94 breaks. The event was concluded in darkness, the late shooters losing out in the twilight. W. B. Winfree, of Lynchburg, held the championship last year.

G. O. P. MAJORITY IN VERMONT LOST

Republican Candidate for Governor Leads But Fails of Election

PROGRESSIVE PARTY STRONG

Heavy Vote Polled by New Party a Great Surprise—Democrats Gain—The Legislature Will Be Republican

White River Junction, Vt., Sept. 3.—The Progressives and the Democrats won the honors in the Vermont State election today, for although the Republicans carried the State on a plurality vote, there was no election by a majority vote and the choice of a Governor was thrown upon the Legislature. The Republicans will have sufficient majority to elect Allen M. Fletcher and the remainder of the State ticket.

The vote for the five candidates for Governor from all of the six cities and from 196 out of 240 towns, was:

Allen M. Fletcher, Cavendish, Republican, 22,366.

Harland B. Howe, St. Johnsbury, Democrat, 17,504.

The Rev. Frazier Metzger, of Randolph, Progressive, 16,334.

Clement F. Smith, Morrisville, Prohibitionist, 1,341.

Fred W. Suitor, Barrettsville, Socialist, 976.

Returns up to midnight showed the next Legislature will contain 110 Republicans, 36 Democrats and 14 Progressives of the lower branch as well as 30 Republican Senators.

White River Junction, Vt., Sept. 3.—The strength of the new Progressive party in its first line-up against the older parties and the disappearance of the Republican majority for the first time in 10 years and the first time in the history of the State on a Presidential year, were the outstanding features of the State election in Vermont today.

It was apparent early in the evening that there had been no election by the people, although a sufficient number of Republican representatives are successful to seem to ensure the choice of Allen M. Fletcher, of Cavendish, by the Legislature.

For many years political students have pointed out that any decrease in the Republican majority in Vermont in September below normal of 25,000 has been followed almost invariably by the party defeat in the Presidential fight in November. These majorities which have averaged close to 30,000 in all the State elections in Vermont in Presidential years since 1892 were represented today by a bare plurality.

The Republican loss apparently went in a great degree to the Progressives and to a somewhat lesser extent to the Democrats.

The falling off in the Republican vote began with the first returns, while the Progressives gained all along the line, in some cases carrying towns which had heretofore been regarded as strongly Republican.

Progressive leaders were greatly pleased with the result. It was pointed out that the party had gone into the fight with an organization that was new to politics and was forced to make up with notable orators, what it lacked in party management, with Col. Roosevelt leading the charge. The Democratic managers also derived satisfaction from the early returns, showing as they did decided gains over two and four years ago. They also pointed out that these gains had been made despite the claims of the Progressive speakers that the latter party would recruit some of its strength from Democrats.

The First Town to Report

White River Junction, Vt., Sept. 3.—Returns for Governor from the first town, Shrewbury, in the State election today, give: Fletcher, Republican, 82; Howe, Democrat, 25; Metzer, Progressive, 49.

The vote for Governor in 1910: Meade, Republican, 118; Watson, Democrat, 25.

From 100 Cities and Towns

White River Junction, Vt., Sept. 3.—Returns for Governor in the State election in 100 out of 246 cities and towns, give: Fletcher, Republican, 10,208; Howe, Democrat, 6,066; Metzger Progressive, 5,508; Smith, Prohibitionist, 652; Suitor, Socialist, 259.

Same places in 1910 give Mead, Republican, 13,486; Watson, Democrat, 5,353; Towle, Prohobitionist, 444; Ordway Socialist, 268.

White River Junction, Vt., Sept. 3.—With about two-thirds of the State complete it is evident that Fletcher, Republican candidate for Governor, has fallen between 5,000 and 6,000 votes below the majority necessary to elect. One hundred and seventy cities and towns out of 246 give Fletcher, 17,369; Howe, 12,722; Metzger, 10,760.

Same places in 1910 give Mead, Republican, 23,314; Watson, Democrat, 11,025.

The House which will name the Governor is overwhelmingly Republican.

Sea Girt, N. J., Sept. 3.—Governor Wilson was shown the Associated Press returns from Vermont tonight and read the results with interest, but declared he would not make any comment on the election whatever.

FARMERS DISCUSS TIMELY PROBLEMS

Annual Convention of Union Meets With 600 Delegates Present

DEBATE ON PARTY PLATFORMS

Discussion Centers on Parcels Post, Anti-Gambling Legislation, More Liberal Appropriations for Agriculture

Chattanooga, Tenn., Sept. 3.—The eighth annual convention of the Farmers' Union convened here today. About 600 delegates are in attendance representing every State west of the Ohio and south of the rotomac river.

Addresses of welcome by the mayor, the State president, L. M. Rhodes, and responses and addresses by delegates featured the morning session.

During the discussion of the officers' reports this afternoon heated debate followed references to the attitude of the various party National platforms and different branches of the Federal government toward the farmer. Discussion centered about the parcels post, anti-gambling legislation, restriction of undesirable immigration, more liberal appropriations for agricultural purposes, the re-establishment of the Country Life Commission, the introduction of a rural credit system and the threat of a division of markets.

During the discussion of the need of developing the science of marketing and the failure of Congress to respond to legislative demands of the farmers for this and other legislation, the question of the leaders and membership taking some such hand in practical politics as that taken by the American Federation of Labor and previous farmers' organizations, became a very lively topic.

PROLONGED DROUGHT BROKEN

Crops In Virginia Greatly Damaged—Rain Helps Late Planters

Danville, Va., Sept. 3.—The prolonged drought in this region which has entailed a loss estimated conservatively at more than a million and a half dollars on the four great staple crops, tobacco, corn, wheat and oats, was broken tonight by a heavy downpour of rain.

Rain fell for an hour and a half. This rain will be worth a million and a quarter dollars to the late crop planters. The storm also brought relief from the most trying high temperature period in years, the mercury registering 98 in the shade today and yesterday.

ROAD ELECTION CARRIED

Pittsylvania County, Virginia, Votes For $100,000 Bond Issue

Danville, Va., Sept. 3.—Dan River district of Pittsylvania county today voted on an issue of $100,000 to build 50 miles of road. Demoralization of 'phone service by storm precludes full returns, but aggregate figures from two of the largest of the six precincts show a vote of 127 for to 20 against the proposition.

The largest of the two precincts voted in the ratio of 11 to 1 for bonds. The issue is the first issue of bonds for roads in the district.

OUTLINES

The trial of F. O. Beach on the charge of assaulting his wife was yesterday postponed until next February.

Five companies of the Michigan National Guard camped at the State penitentiary at Jackson last night to prevent a recurrence of riots by the convicts.

Col. Roosevelt in addressing the Missouri Progressive State convention yesterday, assailed Governor Wilson's ideas on the tariff and the trusts.

The eighth annual convention of the Farmers' Union, with 6,000 delegates in attendance, representing every State west of the Ohio and south of the Potomac river, convened in Chattanooga, Tenn., yesterday.

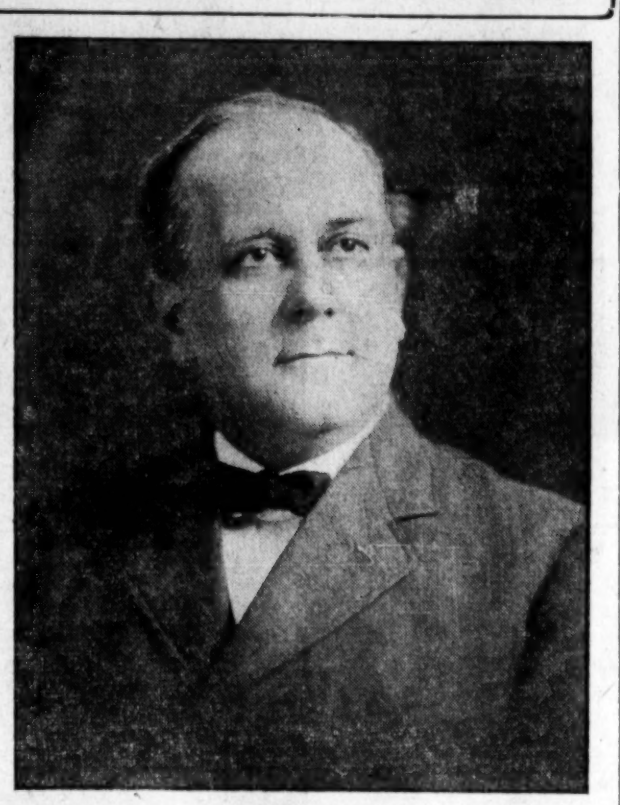
The Republican candidate for Governor in the Vermont election yesterday failed to obtain a majority for the first time in 10 years, this being caused by the heavy vote polled by the Progressive party and Democratic gains.

Progressive leaders gathered at Charlotte yesterday and planned to capture the Republican State convention which meets there today. The Taft and Roosevelt forces are split on National issues, but it appears that they may get together on a State ticket.

Dr. Cyrus Thompson, of Onslow county, was nominated by the Progressive convention yesterday at Greensboro, which was attended by only 200 persons. An effort will be made to get the Republican convention at Charlotte today to endorse the Progressive State ticket.

New York markets: Money on call firm, 3 1-4 to 4 3-8 per cent; ruling rate 3 1-4. Spot cotton closed quiet. Flour moderately active. Wheat, spot easy; New No. 2 red 1.05 1-2 c.i.f. track and 1.06 f.o.b. afloat. Corn, spot easy; export 61c f.o.b. afloat. Oats, spot easy. Turpentine and rosin steady.

BOSS OF BULL MOOSE CONVENTION.



IREDELL MEARES, ESQ.

New Hanover Man Who Presided Yesterday Over Progressive Republican Convention at Greensboro and Was Chosen an Elector at Large.

RIOT AT MICH. PENITENTIARY

Five Companies of National Guard Camp at Institution to Prevent A Repetition of Convicts' Outbreak

Jackson, Mich., Sept. 3.—Five companies of Michigan National Guardsmen with rifles loaded to kill, camped tonight within and outside the walls of the State penitentiary. The convicts, who the authorities alleged were responsible for today's outbreak—probably the worst in the history of the institution—are locked up in the heart of the prison, many of them being chained to their cells.

Every convict was in custody tonight and not a single prisoner was badly hurt, according to the statement of Warden Nathan Simpson. He admitted that during the riot, one convict, a trusty, was wounded in the arm as the result of a misunderstanding, but promptly denied reports that two men were seriously shot and that three had escaped.

Fifty men lodged in the prison "bull pen" have been held responsible for the riot which raged over an hour. The building in which the so-called desperate characters were quartered is composed of 12 sections and attached to the cell houses. Some one in the cell nearest the prison stone house succeeded in forcing the doors. In a few moments a number of the convicts unobserved entered the stone house and secured mallets and sledges. The other doors of the bull pen were quickly battered in. Yelling like mad men the majority of the convicts streamed into the prison kitchen and began smashing State property. Others remained in the yard doing little else than making a tremendous racket.

The convicts were so successful in their early movements that the riot was in full progress when Warden Simpson was notified. He immediately asked the militia companies in Jackson to hurry to the prison, at the same time ordering his guards and special deputies to hold the rioters at bay. There was no checking the prisoners, however, until the soldiers arrived and then the demonstration ended almost as suddenly as it began.

MARINES AT MANAGUA.

Fifty U. S. Bluejackets Arrive—Populace Indignant—Build Bridges.

San Juan Del Sur, Nic., Sept. 2.—(Delayed in Transmission) Fifty American marines reached Managua today. Rear Admiral Sutherland, commander-in-chief of the U. S. Pacific fleet, controls the situation. American naval contingents are garrisoning the principal towns along the river. The rebels have suspended operations.

A detachment of marines from Corinto reached Leon Sunday. The populace showed evidences of indignation at the coming of the Americans, but their leaders kept them well in hand. At the small towns along the railroad from Corinto to Leon, the people generally were friendly to the Americans. At numerous points the marines found the road impossable and were forced to build bridges.

The United States cruiser Denver is lying at anchor here. The collier Prometheus is in the gulf of Fonseca.

New Orleans, Sept. 3.—After sending her nurse out of the room today, Mrs. Katie Verges, 48 years old, arose from the bed where she had laid ill for some time, obtained a revolver and shot herself through the head. She is now in the hospital with the chances against her recovery.

BULL MOOSE AFTER CONTROL

Progressives Gather In Charlotte on Eve of Convention and Plan to Capture It—Split on National Issues

Charlotte, N. C., Sept. 3.—The presence of some of the leading Roosevelt followers of North Carolina in Charlotte for the Republican convention which begins tomorrow is taken to mean that a desperate attempt will be made by them to get control of the situation. Although the Bull Moose men were in convention today at Greensboro, the majority of the leaders in the Progressive movement were in Charlotte, notable among these being Col. V. S. Lusk, Richmond Pearson and ex-Senator Marion Butler. Chairman Morehead has been here for two days and will call the convention to order tomorrow morning. Leading Republicans admit on the eve of what promises to be the most spectacular meeting in many years that it is practically a hopeless task to get together at this time on National issues and Presidential candidates, but it is believed that a State ticket will be agreed upon and that in the platform to be adopted, a local option plank will be inserted for the purpose of securing as many votes as possible from the Democrats who are dissatisfied with prohibition.

After Chairman Morehead had intimted late tonight that the same plan of action as was followed out in the Chicago convention would be invoked in the North Carolina convention tomorrow, and that only Taft delgates would be seated, the leaders of the Progressive ticket declared that they woud bot and hold a convention of their own at 10 o'clock tomorrow and name an electoral ticket.

"We are here to hold a Republican convention and that is what we are going to do," said Chairman Morehead, when asked as to the atitude of the Taft defenders. It is understood that there will be no division on the State ticket.

J. O. WRIGHT RESIGNS.

Chief Dranage Engineer of Florida Tenders Resignation.

Tallahassee, Fla., Sept. 3.—J. O. Wright, chief drainage engineer of the State of Florida, who has been in charge of the work of draining the Everglades, has tendered his resignation, according to an announcement made here today. Action on the resignation is expected at the next meeting of the trustees of the Florida internal improvement fund.

Wright formerly was a Federal engineer, but resigned from the government service to take his present position. His name was brought out recently in connection with the Congressional investigation of alleged fraudulent land deals in the Everglades.

Charges recently were preferred against Wright by two subordinates, one of whom had been discharged from the State service for criticism of the chief engineer. An answer to these charges was filed by Wright, but no action in regard to the matter was taken by the State board.

It was charged that he had accepted a large salary from one of the land companies to act as supervising engineer for the concern while he was representing the State.

Comedy at The Grand.

Three great films that will keep the audiences in an uproar at The Grand Theatre today. Five cents anytime, anywhere. **

TEDDY REPLIES TO GOVERNOR WILSON

Roosevelt Assails His Stand Upon the Tariff and the Trusts

TALKS TO MISSOURI MOOSERS

The Colonel Attends Progressive State Convention—Gov. Hadley Remained at Home—Views on Trust Regulation.

St. Louis, Sept. 3.—Woodrow Wilson's stand upon the traiff, the trusts and the proposal for minuimum wage scales was assailed by Colonel Roosevelt in a speech here today before the Missouri Progressive State Convention. Col. Rosevelt left tonight for Iowa, where he is to make a number of speeches tomorrow. The Colonel saw nothing of Gov. Hadley, who remained at the State capitol.

Gov. Wilson, said Col. Rooosevelt, had paid a warm tribute to the Progressive platform, "a tribute which I cannot reciprocate as to his platform. He denied emphtically that the Progressive planks on the tariff and the trusts constituted the party's real programme. Turning to the tariff, Col. Rosevelt stated that the Governor was diverting attention from the real issues when he took up tariff changes as the panacea for the evile of the day.

Taking up Gov. Wilson's criticicism of the Progressive policy in regard to regulation of trusts, Col. Roosevelt asked:

"If the Democratic platform really offers any hope for the solution of the trust question, why, during the two years that Mr. Wilson has been Governor of New Jersey has nothing been done under Wilson's leadership or even attempted by Mr. Wilson in New Jersey for the regulation of the trusts?"

"VICE TRUST" HAS REFUGE

Whitman Finds Places Where Persons Wanted May Hide

New York, Sept. 2.—Two refuges, conducted by the "vice trust" for its members and for persons whose presence in the city might prove embarrassing to them, have been discovered by the District Attorney's office. These places are maintained at considerable expense solely as hiding places to which witnesses wanted by the police or the District Attorney's office may be spirited.

The location of both places is known now to District Attorney Whitman. One is in Hoboken, in a hotel of good reputation. The other is in Centreville, Sullivan county, and there the vice trust maintains four cottages where lodgers never pay board. All the bills are paid from the New York headquarters, and no one is admitted without credentials from the trust.

The discovery of these places was made by members of Mr. Whitman's staff after an investigation resulting from the observation that witnesses in disorderly resort cases seemed frequently to disappear.

The investigators declare that inmates of the Centreville cottages live in luxury.

Although there appears to be nq way in which the District Attorney can close these refuges, it is known that they will be watched until Mr. Whitman abandons the investigations into graft and corruption, which is to begin with the John Doe inquiry Supreme Court Justice Goff will institute tomorrow.

N. C. COUNTERFEITER TAKEN

James A. Johnson Arrested In Richmond—Passed Spurious Coin

Richmond, Va., Sept. 2.—James A. Johnson, of North Carolina, is the name of the counterfeiter arrested here Saturday afternoon in the act of passing spurious coin, according to a photograph and letter received by the police this afternoon from a secret service man at Charlotte, N. C., who says the man has already served several terms in Federal prisons for counterfeiting. The photo is the spitting image of the man under arrest.

He gave his name as J. B. Allen when first taken into custody and some of the imaginative scribes quickly connected him with the gang that shot up Hillsville, it being readily recalled that the fugitive Sidna Allen, was once a counterfeiter himself.

OCEAN PARK DESTROYED.

Fire Near Los Angeles Results in Loss of $1,000,000.

Los Angeles, Cal., Sept. 3.—Fire, which started in the Casino Cafe at Ocean Park, a beach resort 20 miles from Los Angeles, this afternoon destroyed the center of the Ocean Park concession and the business district. The Decatur Hotel, Frazier Pier, Casino and Auditorium are among the buildings burned, and the loss will approximate $1,000,000.

Later the fire was brought under control, the monetary loss amounting to $2,000,000. E. W. Leach, chef at the Casino Cafe, penned in at one of the Frazier Pier, jumped into the ocean and was drowned.

Heroic rescues of women were made at the Decatur Hotel.

Brooklyn	45	78	.366
Boston	38	86	.306

Philadelphia, Sept. 3.—Philadelphia won the final game of the series with Brooklyn here today 5 to 4, Luderus scoring the deciding tally in the ninth inning. Luderus' hitting featured the contest, making a home run, a double and a single in four times at bat. Finneran, formerly of the Norfolk, Va., club, pitched fine ball for the home team, but was given poor support. During the three-game series here the Brooklyn pitchers, Yingling, Rucker and Ragon did not give a base on balls or hit a batsman.

AMERICAN CHAMPION.

C. H. Waldo Wins Amateur Golf Championship —Beats Englishman.

Chicago Golf Club, Wheaton, Ill., Sept. 3.—The Amateur golf championship of America, passed out of English hands this afternoon when Harold Hilton, of the Royal Liverpool Golf Club, who last year was premier golfer of the world, champion of England and America, lowered his colors in the 35th green to C. G. Waldo, Jr., of Brooklawn, Yale '12.

The match went almost the full distance, but Hilton was out-played from the beginning and fought almost all day, trying to cut down his opponent's lead. Hilton lost his advantage on the sixth green and never was in front again. He finished 2 down, 1 to play.

Hilton fought gamely for his title, and left the links almost in tears. It was a nerve-racking struggle. Waldo was only 3 up on the twelfth green, but the Britisher never got his head above Waldo.

NORTH CAROLINA AND V. P. I.

A. & M. Grounds Wanted at Raleigh For Football Game

(Special Star Telegram.)

Raleigh, N. C., Sept. 3.—The Raleigh Chamber of Commerce called upon the A. & M. College authorities tonight to place at the disposal of the Chamber the college baseball park October 28th, the Chamber to offer it to the University of North Carolina and V. P. I. for the annual game between these college football teams. Indications, it was stated, are that the game will be played either in Raleigh or Winston-Salem.

There are some mighty big scandals in very litle town.

contest which went 12 innings and was called on account of darkness. In the first game Cicotte outpitched Millin in the pinches.

Covenington and Taylor started a pitching duel in the second game, Chicago scoring their first two rounds without hits. Covington weakened in the seventh and was relieved in the eight. Taylor gave way to Walsh after the visitors took the lead. The tying run came after Barrows singled and was forced by Walsh. Rath hit to Moriarity, who threw wild to first and Walsh went to third, scoring on Mattick's sacrifice fly. It was decided to play off the tie game tomorrow.

BASEBALL SERIES OPENS

First Game Between Anderson and All Star Team—Players Arrived Yesterday, and Are Stopping at Oceanic Hotel, Wrightsville.

This afternoon at League Park the first of a series of five games between the Anderson, S. C., team, the pennant-winning aggregation of the Carolina Association, and an all star team composed of picked players from the other clubs of the Carolina circuit, will be played. The game will be called promptly at 3:30 o'clock.

The two teams arrived yesterday afternoon from Charlotte, where they met before coming to this point. The entire party, numbering about 25 men, went to Wrightsville Beach, registering at the Oceanic Hotel, where they will spend the time while here.

Every member of the Anderson club came, and the other team is composed of the very cream of the other clubs in the Carolina Association. The Anderson boys are feeling rather hilarioous over their victory in winning the pennant, and they are boasting that they will easily take the majority of games from the picked team. This spirit, of course, has aroused the rivalry of the All-Stars, and they declare that they will lessen Anderson's bump of conceit considerably before the week is out. There is every reason to believe that the five games here will be baseball battles royal.

Carolina Association, and as for Milliman and Malcolmson, they are catchers of the first water.

For today's game the teams will line up in batting order as follows:

Anderson—Kelly, s. s.; Laval, l. f.; Crompton, c. f.; McCoy, r. f.; Gleichman, 1-b.; Damrau, 3-b.; Owens, 2-b.; Milliman, c.; Hogue, p.

All-Stars — Agnew, Charlotte, 2-b.; Haddow, Charlotte, 3-b.; Lister, Charlotte, 1-b.; Stewart, Winston-Salem, c the All-Star battery. Hogue and Frey are two of the best pitchers in the

Hogue and Milliman will do the honors for the Anderson Club today, while Frey, of Greenville, and Malcolmson, of Charlotte, will compose f.; Piez, Greenville, l. f.; McMillan, Charlotte, s. s.; Malcolmson, Charlotte, c.; Stuart, Greensboro, r. f.; Frey, Greenville, p.

Anderson's other pitchers are: Fit-

PIEZ.

Heavy-Hitting Outfielder of the All-Star Team.

tery and Ramsey, the latter manager. The other twirlers for the All-Stars are: Eldridge, of Greensboro, and Miller, of Charlotte. Tommie Stouch, manager of Greenville, is manager and utility man of the All-Star team.

Jack Hoey, a former star on the Wilmington team in the days of the East Carolina Association, will umpire the series.

The hour for starting the games will be 3:30 each afternoon, with the exception of Friday, when a double header will be played for one admission. The first game Friday will be called at 2:30 o'clock, and the second immediately upon the finish of the first.

The Tidewater Power Company will operate a 10-minute car schedule to and from the park, and ample cars will be provided to take care of the large crowds which are sure to attend the gammes. General admmission will be 25 cents, and a charge of 15 cents will be made for the grandstand. Admission for children under 12 years of age will be 15 cents. Tickets are on sale at Struthers' and at the Wilmington Cigar Company.

It will be remembered that the general opinion in baseball circles is that the Carolina Association will not materialize next season, and there is a movement afoot to organize a North Carolina League. The attendance at this series of games will probably determine local promoters as to whether or not they will make an effort to include Wilmington in this League. However, the games promise to be well worth seeing on their merits, and there is little doubt but that the attendance will be satisfactory to both the visiting players and those who are interested in getting a team for Wilmington next season.

A young lady in Algiers says that Woodrow Wilson is so ugly that he's positively fascinating.

(New Orleans Picaynue.)
Even a long sermon is too much of a good thing.

Some of us feel perfectly well until we begin to read some of that Summer resort literature.

What We Never Forget

according to science, are the things associated with our early home life, such as Bucklen's Arnica Salve, that mother or grandmother used to cure our burns, boils, scalds, sores, skin eruptions, cuts, sprains or bruises. Forty years of cures prove its merit. Unrivaled for piles, corns or cold-sores. Only 25 cents at R. R. Bellamy's.

WHAT REPUBLICAN PROSPERITY IS.

What has the result been? Prosperity? Yes; if by prosperity you mean vast wealth, no matter how distributed or whether distributed at all or not; if you mean vast enterprises built up to be presently concentrated under the control of comparatively small bodies of men, who can determine almost at pleasure whether there shall be competition or not. The nation as a nation has grown immensely rich. She is justly proud of her industries and of the genius of her men of affairs. They can master anything they set their mind to, and we have been greatly stimulated under their leadership and command. Their laurels are many and very green. We must accord them the great honors that are their due, and we must preserve what they have built up for us. But what of the other side of the picture? It is not easy for us to live as it used to be. Our money will not buy as much. High wages, even when we can get them, yield us no great comfort. We used to be better off with less, because a dollar could buy so much more. The majority of us have been disturbed to find ourselves growing poorer, even though our earnings were slowly increasing. Prices climb faster than we can push our earnings up.—From Woodrow Wilson's Speech Accepting the Democratic Nomination.

LABOR AND THE RULE OF RIGHT.

The working people of America—if they must be distinguished from the minority that constitutes the rest of it—are, of course, the backbone of the nation. No law that safeguards their life, that improves the physical and moral conditions under which they live, that makes their hours of labor rational and tolerable, that gives them freedom to act in their own interest and that protects them where they cannot protect themselves can properly be regarded as class legislation or as anything but as a measure taken in the interest of the whole people, whose partnership in right action we are trying to establish and make real and practical. It is in this spirit that we shall act if we are genuine spokesmen of the whole country.—From Woodrow Wilson's Speech Accepting the Democratic Nomination.

When a man offers a girl his hand and fortune she likes to take time to consider if one is too large and the other too small.

A gallon of ink may be used in telling a man how sorry we feel for him, but it's not worth a single team of sympathy.

It is a Pleasure to Serve our Friends and Customers.
Let us serve you.

AFFAIRS AT STATE CAPITAL

Prisoner from Wayne County—Pardon To Forsyth Convict—Rat-Killing Contest—Fiddlers' Convention—Won't Solicit

(Special Star Correspondence.)

Raleigh, N. C., Sept. 3.—Sheriff R. H. Edwards, of Wayne county, was here today to deliver to the penitentiary Lea Rochelle, a young white woman, sentenced to one year's imprisonment for receiving stolen goods—jewelry and money.

Governor Kitchin granted a pardon today to William Johnson, who has served since March, 1910, on a four-year sentence in Forsyth county for enticing away a child under 14 years old. The pardon is on account of the breaking down of the prisoner's health, the court officers and others joining in the expression of the view that this is a fit case for executive clemency.

The Labor Day Fiddlers' Convention here resulted in the fifth annual award of the first prize to R. C. Page, of Durham. Arnald Parris was winner of the second prize. The convention which is held annually under the patronage of William J. Andrews, was one of the most successful ever held.

Raleigh's campaign against wharf rats of the past month resulted in the killing of 769 of the repulsive rodents. Tom Gill, aged 14 years, was the winner of the first prize. A public subscription is being raised to place a regular price on the heads of these pests and the indications are that this will be done forthwith.

Dr. J. Y. Joyner, State superintendent of public instruction, has declined to accept the vice presidency for North Carolina in the association being formed with headquarters at Washington, D. C., to raise Woodrow Wilson campaign funds among the teachers of the country. He pledges his best effort but insists that his official position should not be used in such a movement.

For two hours this afternoon there was argument in the Raleigh police justice court, in the case of the City of Raleigh vs. the Wake Water Company in the criminal indictment of the company for furnishing the city unfiltered water. There was evidence to prove the offense and then counsel for the company set up the defense that there is no criminal indictment at law but that the proper and only remedy is a proceeding for forfeiture of franchise. Counsel for the city argued that both remedies are open to the prosecution. The uncompleted argument in the case goes over to Thursday afternoon. The issue is one that has never been settled in this State and the case is sure to go to the Supreme Court.

INCREASE FOR CARRIERS.

Increase of $100 Per Year Affecting 30,000 Men.

Washington, D. C., Sept. 1.—Under authority conferred by the postoffice appropriation bill, Postmaster General Hitchcock today increased the salaries of rural letter carriers on standard routes from $1,000 to $1,100 a year, thus affecting 30,000 men, with proportionate increases to carriers on shorter routes. The order will become effective September 30.

This will mean an increased disbursement of $4,000,000 a year. It is the second salary advance for rural carriers made in the last four years. At the close of the last fiscal year on June 30, there were 42,031 rural mail carriers, the aggregate pay being $40,655,740. When the rural delivery system was instituted sixteen years ago, 83 carriers were employed at an annual cost of $14,840, the maximum individual pay being $200 a year.

The increase provides rural carriers adequate compensation for additional burdens to be imposed by the parcels post system, effective January 1.

"The parcels post system on rural mail routes can be conducted practically with no extra expenses to the government, except the increased salary allowance to carriers," said Mr. Hitchcock, "In my judgment this additional cost will be more than offset by an increased revenue, thus insuring the maintenance and from time to time, the extension of the rural delivery system, as a self supporting branch of the postal service."

Mr. Hitchcock has directed, also that rural mail carriers, on the completion of twelve months' service, be granted fifteen days, leave with pay. This will require the additional expenditure of $80,000 a year in the payment of substitute carriers.

ELON COLLEGE OPENING

Larger Enrollment Than Ever at This Well-Known Institution

(Special Star Correspondence.)

Elon College, N. C., Sept. 2.—The 23rd session of Elon College opens tomorrow with the first chapel service of the year at 8 o'clock. From all appearances now this is to be a record breaker as far as enrollment is concerned. More than a hundred have signified their intention to be members of the entering class and a larger per cent than usual of the last year's student body will return.

The improvements to the college plant during the vacation period have been unprecedented in scope and in thoroughness. Every building has been thoroughly overhauled and placed in a perfectly sanitary condition and many additions and improvements to each have been installed.

The Young Men's Club House will soon be in condition to be occupied for the opening and Mrs. A. T. Battle, the matron, has already arrived and begun to get everything ready by the time the young men are here.

The ladies' hall, under the supervision of Mrs. Sadie Jones, bids fair to be a great success, not only in number of occupants, but in the excellence of board which it will give at the minimum cost. The brick work on the new gymnasium has begun and will be pushed to rapid completion.

Many students from distant States have already arrived and incoming trains will be laden with Elon students.

When Gov. Woodrow Wilson declined to serve as a judge at a baby show he proved that he is a very tactful man.

YOUNG MAN BROKE NECK.

Peculiar Accident at LaGrange, N. C. —Incorrigible Negro Youth.

(Special Star Correspondence.)

Kinston, N. C., Sept. 3.—John H. Burke, a prominent young man of LaGrange, died in a singular manner at his home there. Young Burke, who was about 32 years of age, was talking to his father, on the front porch of their residence, and was leaning against a post when he suddenly fell to the ground, breaking his neck. It is not known whether Burke died from heart failure or the broken neck. He had been suffering from vaccination against smallpox, an epidemic of the disease prevailing in the little town, and was very weak. He was seen to stoop as though in pain before falling from the porch. When the elder Burke reached his son's side the young man was dead. John H. Burke was very popular throughout this section, and was a leader in social circles in LaGrange. He was a partner in the mercantile business headed by his father, W. H. Burke. The funeral was largely attended, and the interment was in Oakdale.

Arthur Johnson, not a namesake of the heavyweight champion but equally black, is a 12-year-old inmate of the Jones county prison at Trenton. The boy's propensity for petty thieving got him into trouble after his mother had attempted to break him of his habit by unique means. The little darkey stole repeatedly from residents of the countryside out from Trenton, and used no caution whatever in entering homes, with the result that he was caught repeatedly. On one occasion he pillaged a farmer's wardrobe while the lady of the house was on the premises, and was detected in the act of laying out a suit of clothes and other apparel preparatory to taking it off. A store in the county seat was rifled by Johnson, and elsewhere in the town he secured sundry loot. Regard for his industrious mother and consideration for his age saved him from the courts, until finally his mother undertook to hold him in leash to prevent him from further trying the hatiense of her white neighbors. With a quantity of chains which totaled in weight almost as much as his own avoirdupois, the woman shakled each limb of her erring offspring, and with flatirons as "blocks," left him in the yard in much the same fashion as the watchdog, and more so; whereupon Arthur took up his burden and dragged himself and chains to a mile-off smithy and field the links from his arms and legs. He then started homeward, but lingered en route to loot a farmyard, and was agin captured. He now chafes at his confinement in the Trenton jail, but nonchalantly admits every charge against him. In addition to his robberies, Johnson has one erious misdemeanor to answer for to superior ocurt. Entering a schoolhouse, the boy wantonly destroyed the teacher's desk with an axe, for which act he could assign no reason.

German Farmers' Diet

Berlin, Aug. 31.—The Agricultural Chamber of Rhine has just published some statistics which afford a striking corroboration of a statement made recently by a Socialist in the Reichstag to the effect that potatoes are the chief diet of the poorer classes in large sections of Germany.

The Agricultural Chamber, which is a body legally constituted to gather information for the government on agricultural matters, has been studying how the peasantry lives. It publishes the family budget of 30 peasant families with annual incomes ranging between $471 and $290. About two-thirds of them had the higher figure and owned small farms of from 10 to 47 acres.

It was found that the average daily consumption of potatoes of the 30 families was nearly 3 1-3 pounds for each person, whereas the consumption of meat was less than 3 ounces; of butter 1.13 ounces, and slightly more than one pint of milk, of which nearly half was skim milk or buttermilk.

The most important article of diet, after potatoes, was bread, of which each person consumed nearly 14 2-3 ounces daily, besides 4 ounces of flour. The only other article of food mentioned in the report was eggs, of which each person ate one about every fourth day.

It must be mentioned for the proper appreciation of these figures that the Rhine province is one of the richest agricultural provinces in Germany, and that the persons covered by them are far from being among the poorest people in Germany. For example, a labor paper has just been publishing the family budgets of Silesian miners, which show that they eat almost no meat at all, and that small quantity consumed is chiefly horse flesh.

If you observe an intoxicated man with his back against a wall poking an umbrella at some invisible object on the sidewalk it is evidence that he has reached the stage where he is able to see a skink.

After November the toy called the Billy Possum will be valuable as a souvenir, but the trouble is the toy itself is as scarce today as the popularity of the Hon. Bill. Neither took well with the country.

W. D. LEWIS.

Recommended for The Next Sheriff of Brunswick County.

Perhaps it would not be amiss for one who knows Mr. Lewis intimately to state his opinion of him, that the public might know something of the good that is him. I do not hesitate to say that the closest scrutiny of a court of inquiry could not bring to the attention of the public one fact that was not of a high standard of integrity.

I can also state that Mr. Lewis, is thoroughly public spirited, not only with his voice but with his means, and that an appeal of a public or private nature finds a ready response to an extent far beyond the average man.

While fault finders can pick out Mr. Lefis's peculiarities and criticis him, you will find him, regardless of envious contemporaries or unmitigated-gails; ever for the betterment of local conditions, A firm beliver in the future of Brunswick County, always ready to lend a helping hand to any reasonable proposition, for the upbuilding of the community or individual.

O. T. ARNOLD,
Winnabow, N. C.

HON. J. R. MITCHELL SPEAKS

Large Audience Hears Bertie Citizen At Jacksonville, N. C.

(Special Star Correspondence.)

Jacksonville, N. C., Sept. 2.—Hon. J. R. Mitchell, of Winton, N. C. spoke here today to about 350 citizens. The speaker was introduced by Hon. Frank Thompson, an ardent Simmons supporter. He was introduced as being the man fitted to tell the people just how many of the charges, made by Gov. Kitchin, if any were true.Mr. Mitchell spoke for an hour and forty minutes and it goes without saying that his speech made many friends for the Senior Senator.

Mr. Mitchell said in the beginning, "I looked the field over and each man was weighed and I decided upon him, who has accomplished is accomplishing so much for the party."

Mr. Mitchell explained the votes of Senator Simmons on the lumber, coal, reciprocity question and the vote on Lorimer.

He explained these votes fully and indeed vindicated Senator Simmons before the eyes of many Onslow citizens.

He said that since Senator Simmons has been in the Senate he had voted with the Republicans less times than any of the Senators with the exception of three. Mr. Mitchell said that he thought he would from now on attack the record of the Governor as he saw no reason for further explaining the Simmons votes or the "nineteen" as the Governor charges were un Democratic, as the people fully understand. Mr. Mitchell stated that every congressman had voted with Simmons on the lumber question with the exception of "Brother Claude."

His speech gained much favor by all who heard it, and indeed Mr. Mitchell is in his own words, "converting many sinners."

An indignant subscriber asserts that we are too stupid to appreciate the fact that the Hon. John Pereeles Sullivan is "the Boreas of the South." This charge does us a very grave injustice. We have endeavored, time and again to make it clear that we stand second to none in admiration of the Hon. John as a tornado of oratory whose irresistible force pulverizes opposition and sends it shrieking like a jaybird in the four quarters of the earth. So well are his powers known that when the newspapers bill him for a speech the ships moored at the docks run out extra hawsers.

ANNOUNCEMENT

THE FIDELITY TRUST AND DEVELOPMENT COMPANY takes pleasure in announcing that it has succeeded to the Wilmington general agency of THE JEFFERSON STANDARD LIFE INSURANCE COMPANY, of Raleigh, N. C., heretofore operated by Robt. H. Gwaltney.

The Security Life and Annuity Insurance Company and the Greensboro Life Insurance Company, both of Greensboro, N. C., were recently consolidated with THE JEFFERSON STANDARD LIFE, and it is now one of the largest companies in the South—and especially "A North Carolina Company for North Carolina People." It has upwards of $40,000,000 of insurance in force, of which $400,000 is in Wilmington and vicinity.

Among the representative business men of North Carolina who are members of the Board of Directors of THE JEFFERSON STANDARD LIFE are H. C. McQueen and Col. WALKER TAYLOR, of Wilmington.

THE FIDELITY TRUST AND DEVELOPMENT COMPANY also announces that it has secured the services of Mr. R. S. MOTTE, of Atlanta, Ga., as manager of our insurance department. Mr. Motte comes to us with a splendid record as a business producer and agency director, and we commend him to all who may be interested in any of the various lines of insurance handled by this company.

FOR CHILLS AND FEVER.
This is a prescription prepared especially for Chills and Fever. Five or six doses will break up any case of Chills and Fever, and if taken then as a tonic the Fever will not return. It acts on the liver better than Calomel and does not gripe or sicken, 25c

THE MORNING STAR

Published by the WILMINGTON STAR COMPANY, INC., Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under Act of Congress, March 2nd, 1874.

FULL ASSOCIATED PRESS REPORT.

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.50 for three months, 50 cents for one month, served by carriers in the city, or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application, and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards of thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, society meetings, political meetings, etc., will be charged under same conditions, except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published. Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates, or advertise anything foreign to their regular business without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office, No. 51; Editorial and Local rooms, No. 61. Call either, if the other doesn't answer.

COMMUNICATIONS, unless they contain important news or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will invariably be rejected unless the real name of the author accompanies the same, not necessarily for publication, but as a guarantee of good faith.

Wednesday, September 4, 1912.

Some men try to explain when they should endeavor to make an apology.

No trusts were ever known to contribute money to aid the people's cause.

Says a contemporary: "The Hon. Hiram Johnson is still on the ticket with Roosevelt." Yes, he seems to be very still on it.

The Hon. William Randolph Hearst has neglected to get on the Wilson bandwagon and be good on account of past derelictions.

The Richmond boosters probably will be welcome more than ever in North Carolina territory which has been carefully looked over by Judge Carter.

Lest we forget. The Turko-Italian war is still going on. The Turks know enough to keep out of sight and let the Italian troops eat enough provision supplies to make the government sick.

In a blind tiger case in Fayetteville a few days ago Judge Bragaw fined a man $50 and costs for winking at the defendant in a case on trial. Winks as well as "smiles" come high in territory where prohibition is no joke.

Teddy says he is having a "bully time" in this campaign. Doubtless it is not on account of any exhilirating prospects he may have himself but because President Taft hasn't got any reason to be going around feeling "bully."

A long explanation is a weak defense. When a man has to go into lengthy explanations to justify himself and satisfy a credulous public, he had better quit doing things that are not right. "Egad, thou dos't protest overmuch."

We confess to surprise that the Third Termer would stand still long enough to "stand at Armageddon." It is contrary to our idea of the Bull Moose to expect him to stand for anything very long at a time. We can't understand how he stands at Armageddon.

If there were anything in the reincarnation of certain personalities, we should say that Old Nick and Machiavelli are taking a hand in the politics of this country. A traditional personality with a forked tail and horns seems to have butted in with a few propositions to stir up the natives.

Of a dozen men who enter a race, one has to be the fellow who comes in at the tail-end of the procession. Somebody has to be first and somebody last, but everybody can be among the first to send The Star a dollar for the Wilson campaign fund.

If you can't think of what you have forgotten, probably it is that you intended to send a dollar to The Star for Woodrow Wilson's campaign fund. It will require contributions from a million people to foot up what eight or ten beneficiaries of the tariff have been known to turn in to keep the Republican party in power.

If Roosevelt didn't know the Standard Oil Company contributed $125,000 to his campaign fund in 1906, he must have neglected to keep posted on the campaign. New York papers mentioned the contribution a month after it was made. There ought to be some means of immediate publicity for the benefit of candidates who otherwise may sem oblivious, ungrateful and indifferent when they don't appear to know when their friends are contributing great wads of money to their cause.

DEMOCRATIC CAMPAIGN CONTRIBUTIONS.

At the request of and under authority of Robert Ewing chairman of the Press Contributions Bureau of the Democratic National Committee, Fifth Avenue Building, New York, the Star will be glad to receive, acknowledge and forward through the proper channels any and all contributions to the Woodrow Wilson Campaign Fund. These contributions will be either forwarded direct or through Hon. Josephus Daniels, Raleigh, N. C., National Committeeman from North Carolina and acknowledged also through the Raleigh News and Observer, through which agency Mr. H. C. McQueen, of New Hanover, has already started the contributions from this county with a donation of $10. Other contributions will be acknowledged from day to day in these columns and forwarded promtly without cost to the donor.

"No wonder that public men and political parties often put themselves under monetary obligations to wealthy men and "the interests." The public at large knows that the battle is for their own good, and yet often hesitatesto lend any monetary assistance."

"Having nominated Governor Wilson, shall we leave him embarrassed for necessary campaign funds? And if people at large won't subscribe to pay his campaign expenses (a contest made for them) shall they go unpaid? Or if paid, shall they be paid by rich men, who would at least think they had a claim on the president if he were elected?

"The large use of money by a few rich men or by corporations is the curse of our politics."

NO CENSORS FOR THE DEMOCRACY.

Now and then there arise men who usurp the function of interpreting Democracy, and they pass upon what is and what is not Democratic. They go so far as to pass upon the Democracy of individual members of the party, and they "read out" of the party those men, who, for one reason or another, they wish to eliminate as representative Democrats. Of course, that is taking too much upon one's self, for organized Democracy af of Notion or State is the only power that can proclaim the party standards and weed out the party. It will be remember-however, that the conventions, through which the Democracy declares itself, do not excommunicate anyone, for their aim is to increase the party numerically and not to eliminate either a voter or a leader who is supporting the party or fighting its battles according to his ideas about his duties to his constituency and his party. The State and National organizations are not caught passing upon this or that man's Democracy, for the reason if the narrow view were taken probably every Democrat would be ruled out of the party by either one censer, one clique or one faction.

Democracy is a militant force existing in "schools," but upon fundamental principles all Democrats are in the same class. Upon some questions it would be hard to get any two men to agree alike, so it is the broader conception of Democracy that must be accepted as the criterion of Democracy.

Oganized Democracy in the State and Nation speak for the party and the conventions have not appointed any man to pick flaws in the Democracy of others. No interpreters of platforms have been named, and it is taken for granted that every Democrat will do the best he can, sometimes compromising his own views, and stick to the party. As a matter of fact, instead of reading men out of the party, the party powers want to read them into it. Instead of getting rid of men already in the party, campaign funds are raised and speakers are sent forth to gain recruits from the Republican party. If we are willing to warmly welcome former Republicans we certainly will not be so intolerant of veteran Democrats as we shall read them out of the party. That would be campaigning for the Republican party instead of the Democratic party.

Howbeit, there are some men who take it upon themselves to speak for the whole party and read out men in every respect are as consistent in their Democracy as his censor or as the average Democrat. Men like that are egoists and usurpers, and cannot show any credentials for their license to jump on Democrats. They are commissioned to jump on Republican ideas, issues and records, and are not even expected to abuse Republicans. On the contray a good campaigner is a man who discusses issues and very few men, for personal politics don't go very far with most men. A political evangelist is one who can go out on the stump and tickle all kinds of men under the chin in order to get them in the right road. Some men can do a party more harm than good and it is the speaker who is so extreme and intolerant that hefancies that a chance to speak gives him the opportunity to make a red-hot speech. People want cold facts, not misrepresentation and subterfuge. They want argument, not sophistry. Indeed, the best campaigner is the one who can make such a straight talk as to make a Republican think he is a Democrat in the wcrng pew.

Men who for selfish reasons want to read men out of the party ought to have no attention paid to them. Their motive for self advancement is all that is necessary to show that they are out for themselves and not for the party. A faction breeder is the poorest leader a party ever had. When you hear one Democrat reading another out of the party you may know that if his own personal ambitions were not involved he would doubtless be a partisan of the man he is after.

Any man who has the endorsment of the State and National Democracy in their organized or representative capacity lacks a great deal of being a fit subject to be ruled out of the party by a wave of the hand or at the dictum of any Democrat who is trying to start up a steamroller of his own.

CATTLE TICK ERADICATION.

According to announcement in this morning's Star, Dr. Cooper Curtice, of the inspection division, Bureau of Animal Industry, Washington, D. C., has been sent to Wilmington by the United States Department of Agriculture to investigate cattle conditions in New Hanover county with a view to ascertaining whether the Texas cattle tick fever exists to any extent in this county.

Owners of herds in this county have declared that New Hanover is free from cattle tick fever, which is another way of saying that the cattle tick practically has been eradicated in the cattle ranges of this immediate county. However, the Government has kindly sent an expert here to make sure that this county is exempt from the ban placed upon the shipments of cattle from tick infected regions. While New Hanover may be practically free from ticks, it is easy enough for adjoining counties to reinfect our territory. In fact, the owner of one of the finest of our local herds recently lost a cow from cattle tick fever, and as she came from an infested county we obseve that it is easy for a ticky county to spread its pests and become an undesirable neighbor to any other county that has arrayed itself with the progressive counties which have adopted the no-fence law and are not classed as tick counties.

The Government has sent an expert to New Hanover because this county has the no-fence law. While the government will send its bulletins and instructions to any citizen in infested counties, for personal use, the authorities of the Bureau of Animal Industry will not lend the government aid to tick eradication in such counties. That is because it would be useless to do so, since it would be impossible to eradicate tick fever in a county where cattle are permitted to roam in the woods and thickets at their risk. Since, however, New Hanover has the no fence system, and fences in its cattle instead of its crops, it can have all the aid in the Bureau's power to eradicate destructive cattle ticks if they exist.

Besides the ecomomy of fencing cattle and having cultivated pastures for them(, and doing away with the expensive and non progressive custom of fencing in crops, one of the chief advantages of the no fence law is that a county is enabled to eradicate the cattle tick and be backed by the Government in doing so. The Star hopes no county in eastern North Carolina is yet so backward that it has not or will not adopt the no fence law, but if there are they should hasten to get in a line of progress that is so indisputably to the interest of a county and all its people. If we are to have cattle to supply our own needs for butter, milk and beef, of if we are to recognize the necessity and ptofitableness of co-operative dairies, the sooner the no fence law is adopted and tick eradication accomplished by the aid of the government, the better it will be for us in a progressive movement that is one of the crying needs of this part of the country.

As a people we must confess we are backward in producing our own home and own market supplies, and whatever will tend to make us independant of those who are supplying us with whatever we can produce ourselves, the quicker we adopt it the better. We ought not to longer stand in the way of our own progress, for it is a shame to do so. We must not do it any longer, for when progress is the watchword everywhere and intelligent development and constructive methods are being rapidly adopted in rural communities everywhere, failure to keep abreast of the times will prove us to be unfaithful servants in a vineyard full of golden opportunities.

THE DOCTRINE OF THE PEOPLE.

The Star acknowledges receipt of the "Democratis Text Book" for 1912, and welcomes it as a meaty compendium and ready reference on matters Democratic. On the cover page is a splendid picture of Dr. Woodrow Wilson, the scholar and statesman, who is the Democratic party's nominee for President in this momentous campaign. Dr. Wilson is the expounder, interpreter, and high authority for 1912 Democracy, and throughout the pages of the text book can be found striking and telling extracts from his speeches and public utterances. In them we have a clear demonstration of the meaning and purposes of Democracy, and incisive passages exposing the motives and hypocrisies of the Republican and Progressive Parties. For a clear insight into the statesmanship and a comprehensive conception of his views and standards, the text book is a fine analysis compressed into handy shape.

The Democratic Text Book contains the Democratic platform declared by the National convention in Baltimore. It is a reaffirmation of the principles of Democratic government formulated by Thomas Jefferson and illustrated by a long line of Democratic Presidents. It embodies Jeffersonian principles as they can be applied to present day issues, and it is our faithful guide in the administration of popular government in accordance with the ever changing conditions that bring us face to face with new issues crises. A study of the undying principles of Democracy convinces us that they are comprehensive enough to cover every question, old or new, which concerns the safety, hanppiness and prosperity of a people engaged in the serious work of governing themselves. The Text Book presents the living principles of popular rights, as contradistinct from those policies which admit of special privileges among a people who demand nothing but equal rights for all. Democratic principles are in strong contrast to the indefensible policies which are creative of and responsible for a predatory class in the midst of people who repudiate favoritism and declare for equal opportunities for all men and all interests alike.

In the Democratic Text Book we find reasons and justification for the faith that is in us, and it is mighty hard for us to conceive of any condition that would keep any man from being a Democrat unless he is the beneficiary of tribute wrung from the people. The book makes it plain that both Taft and Roosevelt are firmly wedded and unalterably committed to the tariff policy of making a few immensely rich by taxing everybody else. In the book there are striking parallel contrasts between the principles of all the parties and their candidates for the Presidency. It presents the real issues of the campaign, and the declarations and records of Taft and Roosevelt are so emphatic as to leave no man in doubt that Woodrow Wilson is the only one of the three upon whom the people can depend to lead the fight to rescue the government from partnership with unlawful trusts and combinations that are permitted by law to exploit the people by taxes and prices.

The mere announcement that the Democratic Text Book is out might be supposed to suffice, but it is not so. It is good doctrine and valuable information compiled in succinct from and it is a pity that there is not one in the hands of every man in America. Those who want a copy can get it by sending 25 cents to the National Democratic Committee, New York, or to the Democratic Congressinal Commitee, Washington, D. C.

Some Democratic papers are disposed to get into a wrangle over their respective candidates for the United States Senate. It is bad enough for the candidates to get excited, but it is worse for editors who have to survive the campaign and go right on grimly facing the high cost of existence. Don't lose your equaminity over anybody who won't lose an equal amount of equilibrium over you. Rest assured that whoever is elected Senator he'll draw the pay and won't deposit it in the bank in your name.

When some men see your wad they can't rest till they sell you something.

CURRENT COMMENT.

While Mr. Wilson is the man the Republicans will have to beat, Mr. Roosevelt seems to be the man they are mad at.—Durham Herald.

Some things at least are cheaper now than when our fathers bought groceries. Granulated sugar was quoted in the New York market in 1870 at 13.53 cents per pound. In 1910 it was 4.97 cents, but there has been a slight advance, the Savannah market now being 5.60.—Savannah News.

Senator Simmons has not only secured government money to help the counties in North Carolina to build good roads, but has brought a government engineer to this State to get the work started. The road building will be apportioned to three stretches of 20 miles each, in different parts of North Carolina, which will make a very good beginning for a work which will eventually cover all the rural mail routes in the State. It is expected that the roads to be thus improved will be selected within the next 30 days. Of course, the green-eyed Kitchin papers will at once raise the cry that this is only another scheme of Old Furnifold to "catch votes," and will renew the shout of graft. Meanwhile, the Simmons people will laugh and call for more of the same sort.—Charlotte Observer.

Charges of fraud in the South Carolina primary are made almost wholesale, especially in the Piedmont counties. The most specific accusations and the most sweeping appear in Anderson county. It is alleged by the managers of Judge Jones' headquarters in Anderson and by citizens of the county on their own authority that persons were allowed to vote who were not of legal age; that ballots were voted for State officers in county boxes and were counted as if they had been correctly deposited; that persons were allowed to vote whose names were not on the club roles; that non-residents were allowed to vote; that unnaturalized persons were allowed to vote; that many voted at more than one poll. In Union there are charges of irregularities and a demand for a recount; in Oconee the same charges and demands; in Newberry also, and in many other counties it is represented that there was dishonesty in the conduct of the primary and violation of the rules laid down by the authorities of the Democratic party in South Carolina. The truth of the whole matter is that we have been taking tremendous chances all along with our loosely ordered primaries and all efforts to safeguard them with restrictions of law or of party ordinance have been persistently refused.—Charleston Post.

From Minneapolis comes the news that surgeons are operating on a burglar to take away his burglarious desires. The operation also involves taking away all the money the burglar may have.

If the membership continues to increase at the present rapid rate, it will of necessary to build an annex to the Ananias Club.

ADD TO YOUR PERSONAL ADORNMENTS

By the Use of Newbro's Herpicide

A pretty woman may enhance her beauty and a plain woman become good looking by the proper care of her hair.

Nice hair, pretty hair, growing on the head it adorns, is one of nature's greatest beautifiers.

The kind of hair which always makes us look the second time, follows the use of Newbro's Herpicide, and is possible for every woman.

Regular applications of Herpicide kill the hair-destroying dandruff germ, keep the hair from coming out and add to it that luxuriance, snap and luster which are essential to hair beauty.

Newbro's Herpicide is the Original scalp prophylactic. All other hair remedies claiming to kill the dandruff germ are simply trying to trade upon the reputation of genuine Herpicide.

Applications may be obtained at good barber shops and hair dressers.

Send 10c in postage to The Herpicide Co., Dept. R., Detroit, Mich., for sample and booklet.

One dollar size bottles sold by all druggists under an absolute guarantee. ROBT. R. BELLAMY, Special Agent.

NEW SCHEDULE TOMORROW

Street Car Service to South Wilmington Park Will Be Increased — Many Improvements at Park

In order to accommodate the increasing travel to South Wilmington and Greenfield Park, additional car service is to be given on the South Wilmington line, the new schedule to go into effect September 5th. At the present time cars are operated between Front and Red Cross streets and Greenfield Park every half hour but the new schedule will provide a fifteen-minute service part of the time, and during certain hours in the afternoon, a ten-minute service.

Between the hours of 8:45 and 11:45 A. M., and 8:30 and 10:30 P. M., the half-hour schedule will prevail. With the new schedule in effect the service over this line provided by the new schedule will be practically the same as that on the belt line except during a few hours of the day.

The new schedule will no doubt have the effect of making Greenfield Park an exceedingly popular place. Even now the park has a great many visitors every afternoon when good weather prevails, though it is probable that the majority of people in Wilmington do not realize what a beautiful spot has been made of this place. The lake at Greenfield Park, and the grounds around the lake, have been improved in many ways. A fine board walk has been built from the car line to and along the dam at the end of the lake. This walk is shadded by beautiful moss-covered trees, under which numerous benches and swings have been placed at intervals. Much of the underbrush has been cleared from around the lake, so that the walkway commands a fine view of the water.

The lake itself is said to cover about 400 acres. Boating, of course, is one of the chief pastimes at Greenfield Park, and a fleet of about 40 steel boats for rental purposes has been placed on the lake. There are also several motor boats and canoes.

The new schedule to and from Greenfield Park in detail, is as follows:

Leaving Front and Red Cross streets every 15 minutes from 6:30 to 8:45 A. M.; every half hour from 8:45 to 11:45 A. M.; every 15 minutes from 11:45 A. M. to 2:15 P. M.; every 10 minutes from 2:15 to 6:15 P. M.; every 15 minutes from 6:15 to 8:45 P. M., and every half hour from 8:45 to 10:45 P. M.

Leaving Greenfield Park every 15 minutes from 6:30 to 9 A. M.; every half hour from 9 A. M. to 12 M.; every 15 minutes from 12 M. to 2:30 P. M.; every 10 minutes from 2:30 to 6 P. M.; every 15 minutes from 6 to 8:30 P. M., and every half hour from 8:30 to 11 P. M.

GOES WITH THE A. W. PATE CO.

Mr. J. A. McGeachy Enters the Real Estate Business

Mr. J. A. McGeachy, one of Wilmington's best known and most energetic young business men, formerly secretary of the Chamber of Commerce, but more recently connected with the large cotton exporting firm of Messrs. Alex. Sprunt & Son, has decided to engage in the real estate business and has connected himself with the live real estate firm of the A. W. Pate Company, assuming his new duties yesterday morning. His resignation with Messrs. Alex. Sprunt & Son was effective September 1st.

Mr. McGeachy has been a resident of Wilmington for a number of years and during most of this time he has been in a position to acquire intimate knowledge of local real estate and its values and this will stand him in good stead in his new field of endeavor. Besides he knows the people, which is another good asset in the real estate business. Mr. McGeachy's work will be almost entirely on the outside and his sales will materially increase the total amount of business of the A. W. Pate Company, which has already made a record for the large number of deals, large and small, "put over" during the year.

BUILDING SALES STABLES.

Kentucky Horse & Mule Co., to Do Business at 17th and Dock.

The Kentucky Horse & Mule Company is erecting a large sales stables at 17th and Market streets and expect to do a much larger business in live stock this Fall and Winter than has ever before been done in Wilmington. The stables will be completed some time between September 20th and October 1st and the first shipments of horses and mules will arrive about that time. Mr. F. T. Mills, of the company, left last night for Lexington, Ky., where he will be joined by Mr. A. H. Jewell, president of the company, and together they will go farther West and purchase several cars of stock for the Wilmington stables. Mr. Jewell is a weathy citizen of Lexington with large stables at Cincinnati and Atlanta and it is his purpose to have on hand in Wilmington all the time 50 to 75 head of horses and mules, so that a person can go to the stables most any time and find just the horse or mule he is looking for. Mr. Walter Lutes, of the company, arrived yesterday from Lexington, Ky., where he spent the Summer with his family.

Clothiers to Close Early.

The clothing merchants of the down town district have agreed to close their stores on Saturday nights at 11 o'clock instead of remaining open until midnight as formerly. The following agreement has been signed by the merchants: "We, the undersigned clothing merchants of Wilmington, N. C., agree to close our stores on Saturday nights at 11 o'clock. (Signed) Shrier & Solomon, J. W. Fleet, Co., I. Shrier, Munson & Co., The A. David Co., Southerland & Weaver, J. M. Solky & Co."

Uncle Ezra

"It don't take more'n a gill uv effort to git folks into a peck of trouble" and a little neglect of constipation, biliousness, indigestion or other liver derangement will do the same. If ailing, take Dr. King's New Life Pills for quick results. Easy, safe, sure, and only 25 cents at R. R. Bellamy's.

REAL ESTATE TRANSFERS.

Active Market Reflected in Deeds Filed For Record Yesterday.

Deeds were filed for record yesterday as follows: M. S. Willard and wife to Godfrey Hart, for $1,000 and other considerations, lot on Ann, 179 feet east of Second street, 41x85 feet in size, M. S. Willard and wife to Jno. D. Bellamy, Jr., and Marsden Bellamy, for $1,000 and other considerations, lot on Ann, 141 feet east of Second street; American Suburban Corporation to J. H. Hinton, for $550, lots 20 and 21 in Block 26, Carolina Place; Godfrey Hart and wife to Robert Farmer and wife, for $100 and other considerations, lot on Ann, 179 feet east of Second street, 41x85 feet in size; R. H. Gwaltney and wife to J. H. Hinton, for $10 and other considerations, lots 57 and 58 in South Wilmington Place; Andrew Green and wife to R. G. Grady, for $10 and other considerations, lot on Queen, 165 feet east of 12th street, 66x99 feet in size; E. D. Williston and others to Jno. E. Taylor, for $10 and other considerations, lot on Sixth, 132 feet south of Wooster street, 66x165 feet in size; Thos. R. Mask and wife to Susan Moore, for $200, lot on Miller, 99 feet west of Bay street, 33x100 feet in size; Chas. Tietgen and Martin Schibben to H. F. Canady, for $100 and other considerations, tract in Harnett township, on Greenville Sound, containing nine acres; Flora J. Cox to A. C. Boney and wife, for $100 and other considerations, lot on Walnut, 100 feet west of Fifth street, 36x55 feet in size; William Starkey and wife to Martin L. Williams, for $10 and other considerations, lot on northwest corner of Fourth and Kidder streets, 33x75 feet in size; William L. Starkey and wife to Alice Starkey, for $100 and other considerations, lot on Fourth, 33 feet north of Kidder, 33x75 feet in size.

FOY HELD ON PERJURY CHARGE.

Probably Cause Found Before Justice Burkheimer Yesterday.

Edward Foy, colored, was given hearing before Justice W. L. Burkheimer yesterday morning on a charge of perjury and upon probable cause being found he was sent over to the Superior Court under $200 bond, which he furnished.

Foy was one of the witnesses several weeks ago in Justice Harriss' court when A. P. Southerland, a white merchant of Macombers station, was tried on a charge of selling beer. A number of witnesses testified that they had seen Foy buy beer from Southerland, and that he had been present when others purchased the beverage, but Foy testified that he had never bought beer there, nor had he seen any one else buy it. Probable cause was found against Southerland and his case was sent over to the Recorder's court. When it came up there Southerland entered a plea of guilty to a warrent charging a specific sale to Foy. The negro was then arrested on a warrant issued by Harriss and has been out on bond awaiting hearing.

As Justice Harriss was familiar with the facts of the case, and as he was one of the witnesses as to what the negro testified to in his court, he transferred the case to Justice Burkheimer.

LECTURE TOMORROW.

Dr. Cooper Curtice, Government Expert, Pays Visit to City.

Dr. Cooper Curtice, of the United States Agricultural Department, Bureau of Animal Industries, arrived in the city yesterday moning and is a guest at the Colonial Hotel. Dr. Curtice came here at the request of Dr. Russell Beellamy, who is deeply interested in the subject of agriculture and cattle raising in this section. Yesterday mornjng he visited several farms and dairies around Wilmington and made a number of suggestions that will be of value to the farmers and dairymen. Dr. Curtice and other experts have been engaged for some time in making an investigation of the Texas cattle tick fever and have been concentrated their efforts toward eradicating the disease. The disease has never made its appearance in New Hanover county, but in his visits yesterday Dr. Curtice gave the dairymen much valuable information as to the cattle-tick.

Dr. Curtice will give a public lecture in the Court House tomorrow morning at 11 o'clock, speaking on the general theme of agriculture and also on the importance of a public abattoir. The public is most cordially invited to hear the lecture.

PLANS FOR NEW CLUB HOUSE

Mr. C. H. P. Gilbert, of New York Selected as the Architect.

Announcement has been made that Mr. C. H. P. Gilbert, of New York City, has been selected by the building committee of the Cape Fear Club as the architect to prepare plans for the new home to be erected by the club at the southeast corner of Second and Chesnut street. Mr. Gilbert is expected to arrive this week for a conference with the building committee, at which it is hoped to decide definitely upon plans for the handsome new home of the club. It is expected that work of tearing away the building at Second and Chesnut streets will be commenced in two or three weeks and that immedfately thereafter the construction of the new building will be begun. It is hoped to have the building ready for occupancy by Spring anyway.

Dr. E. J. Wood on Programme

The second triennial meeting of the National Association for the Study of Pellagra convened yesterday in the assembly hall at the State Hospital for the Insane, at Columbia, S. C., with physicians of international prominence in attendance. Dr. Edward Jenner Wood, of Wilmington, who has made a special study of the disease, is on the programme for a paper under the head of "Local History and Diagnosis of Pellagra," his subject being "The Geographical Distribution of Pellagra in North Carolina and Its Significance."

Special Trip Sunday.

The steamer Wilmington will make a special trip of five miles out to sea and the Black Fish Rocks on next Sunday, leaving the city at 9:30 A. M. returning at 6 P. M., and stopping at Carolina Beach both coming and going. The fare is very reasonable and no doubt a very large crowd will take advantage of this opportunity for a run out to sea at this most delightful season of the year.

BUSY SESSION YESTERDAY

Congested Docket in The Recorder's Court—Road and Farm Sentences—Several Cases Were Continued—The Docket.

The docket in the Recorder's court yesterday morning was somewhat congested, there having been no session since last Saturday. It was impossible to try all of the cases and several were continued. No matters of any great interest came up, though several road and farm sentences were imposed.

Lena Richardson, white woman who was convicted some time ago on a charge of living in illegal relations with a man, and upon whom judgment was suspended on condition that she leave the city, was in court again, having been arrested Monday night. She was sentenced to three months on the county farm.

Wiley Johnson, colored, was sentenced to 60 days on the county roads for an assault on a female, Isabelle Johnson, his better half. Joe Smith, colored, was found guilty of the larceny of $2.75 from Samuel Grant, colored, and was sentenced to the county roads for a term of three months.

Walter McCartney, a white man, was tried on a charge of an assaut with serious injury upon A. E. Sykes, a white boy, it being alleged that McCartney slapped Sykes and injured his ear. He was fcund guilty of simple assault and was fined $25 and costs.

Geo. White, colored, was convicted on a charge of vagrancy and prayer for judgment was continued when the defendant agreed to leave the city within the next 24 hours. Dora Cobb, colored, was tried on a charge of an assault with a deadly weapon upon Florence Shepherd, another negress. Judgment was suspended on payment of the costs. Thad Brown, colored, was fined $10 and costs for disorderly conduct; Annie Lewis, colored, contributed $5 and costs for a similar offense, and Joe Allen, colored, was assessed $10 and costs for the same misdemeanor. Dan Willie, colored, was fined $10 and costs for resisting an officer, and on a charge of an affray with parties unknown, judgment was suspended on payment of the costs. Chas. Hankins, colored, charged with vagrancy, was found not guilty.

Messrs. Albert Solomon and Marx Nathan entered pleas of guilty to a charge of affray and judgment was suspended on payment of the costs.

A case against John Barber, colored, charged with selling whiskey, was continued until September 7th, and a case against Mattie Allen, white, charged with violating the prohibition law, was continued till tomorrow. Henry Cottle, white, was charged with larceny by trick and vagrancy. Both cases were continued until today. A case charging Connie McGee, colored, with larceny was continued until today.

EXCURSION TO JACKSONVILLE

AND TAMPA, FLA., VIA THE ATLANTIC COAST LINE

On Tuesday, September 17th, the Atlantic Coast Line will sell round trip tickets from Wilmington to Jacksonville, Fla., at $7.50; and to Tampa at $9.50, limited returning to reach original starting point not later than midnight of Tuesday, September 24th, 1912. Proportionate rates will be made from other points in Virginia, North and South Carolina.

Extra sleeping cars and coaches sufficient to accommodate all passengers will be placed on trains and everything will be done by the management of the Atlantic Coast Line to make this a first-class excursion.

For tickets, Pullman accommodations and schedules 'phone 160, or address T. C. White, General Passenger Agent; W. J. Craig, Passenger Traffic Manager, Wilmington, N. C.

MR. J. B. LUMSDEN DEAD.

Former Wilmingtonian Passed Away At Home in California.

Relatives and friends in this city received telegrams yesterday apprising them of the death of Mr. J. B. Lumsden, a former citizen of Wilmington, which occurred Monday nigth at his home at Stackton, Cal., where he has been living for some time. Mr. Lumsden removed from Wilmington some 20 or 25 years ago. In his early manhood he was employed by the insurance firm of Smith & Boatwright, and Mayor Smith received a telegram yesterday conveying the news of his death. Among Mr. Lumsden's relatives who survive are three sisters, Mrs. B. J. Jacobs, Mrs. R. H. Grant, Miss Florrie Lawton, of Wilmingtan, and a brother, Mr. Charlton Lumsden, of Baltimore.

Small Fire Yesterday

A frame dwelling at 716 Queen street, belonging to Mrs. Bramer and occupied by Mr. W. H. Shew, was damaged to the extent of about $250 yesterday afternoon by a fire starting from a defective flue. The furniture in the house was also damaged about $50. But for the prompt work of the fire department the building and its contents would have been destroyed. The department was called out at 12:25 o'clock by an alarm from box 52. The firemen answered promptly but the flames had already made considerable headway when they arrived, and it was only by hard work that they were conquered. It was not learned whether the loss is covered by insurance or not.

Many Driven From Home

Every year, in many parts of the country, thousands are driven from their homes by coughs and lung diseases. Friends and business are left behind for other climates, but this is costly and not always sure. A better way—the way of multitudes—is to use Dr. King's New Discovery and cure yourself at home. Stay right there with your friends, and take this safe medicine. Throat and lung troubles find quick relief and health returns. Its help in coughs, colds, grip, croup, whooping cough and sore lungs make it a positive blessing. 50c and $1.00. Trial bottle free. Guaranteed by R. R. Bellamy.

"Alkali Ike Plays the Devil."

Big comedy film at The Grand Theatre today. **

REGULAR MEETING YESTERDAY

Board of County Commissioners Passed on Number of Important Matters—New Road—Farm Demonstration Work

The regular monthly meeting of the Board of County Commissioners was held at the Court House yesterday afternoon, with Chairman D. McEachern presiding and Commissioners Divine, Metts and Kerr in attendance, also County Attorney Marsden Bellamy and Mr. Henry Horne, Deputy Register of Deeds, who acted as clerk. The session was quite a lengthy one and a number of matters of importance were acted upon.

Included in the matters on which the board took action was the incinerator question, which was settled, so far as the county's share in the expenses of purchasing the site and the plant is concerned; the appropriation of $400, to be used in connection with a like amount from the United States Agricultural Department, for farm demonstration work in this county; the decision to provide a permanent road from the Lighthouse, on Wrightsville Sound, through Villa View, on the north side of the Tidewater Power Company's right-of-way, to intersect the present public road near Macomber's station, and several other matters.

Councilman B. C. Moore, in charge of the Department of Public Safety, appeared before the board relative to the incinerator matter. He stated that it had been decided that a 40-ton plant would be better than a 25-ton plant, and that this plant would cost $34,000 instead of $30,000 as was thought when the Commissioners first agreed to pay 20 per cent of the costs of same. He also said that the question as to whether or not the county would pay 20 per cent of the cost of a site had not been brought up, but that he hoped that the board would see fit to do this also. He said that the time left to comply with the mandate of the County Board of Health was short and that the contract must be let before October 1st. He said that he hoped the board could take action at once, so that nothing would remain in the way of letting the contract.

Commissioner Divine stated that while it did not seem that the county should be called upon to bear any more expense in the matter, he was willing to do all possible to expedite things. He asked Mr. Moore as to what he thought a site for the incinerator would cost. Mr. Moore replied that he had picked out a site on old tobacco warehouse property, recently purchased by the city, but that if devoted to this purpose the site would have to be purchased from the city, as the municipality had borrowed the money for the purchase of the property from the street improvement fund and it would have to be paid back. He said that while he could not say definitely as to what the site would cost, he thought that it could be bought for $1,000.

After further discussion on the matter the board then adopted a resolution providing that the county pay one-fifth of the cost of the incinerator, provided the total costs did not exceed $34,000, and bear one-fifth of the cost of operating the plant, as well as to pay one-fifth of the cost of a site, provided the total cost of site did not exceed $1,000. Mr. Moore thanked the board for the prompt action on the matter, and declared that he thought the purchase and establishment of an incinerator the best investment the city and county could make from the health standpoint.

A communication from the property owners at Villa View was read, asking that an improved road be provided from the Lighthouse at Wrightsville Sound through Villa View and along the line of the Tidewater Power Company, on the north side, to a point on the present public road near Macomber's station. All of the property owners at Villa View, through whose property the road would pass, with the exception of one, had signed the petition, and they all declared their willingness to grant the county a right-of-way. It was understood that the other property owner would not oppose the road through his property, and accordingly the board adopted the following resolution:

"Resolved, That in the opinion of this board, a public road leading from the Lighthouse at Wrightsville Sound to the present public road, at or near Macomber's station, on the line of the Tidewater Power Company, to be situate to the north of said right-of-way, is necessary, and that this board does hereby declare that a road leading along such route shall be laid out of such width as is required by law, and that the road committee lay out and establish said road."

There was also a petition from property owners in Harnett township, asking that a sand-clay or rock road be built from a point near the Third Toll House on the turnpike to the Market street road at the Four-Mile Post, so as to give them an outlet to the railroad, in order to afford shipping facilities for their farm products in carload lots. Mr. A. H. Hanby appeared before the board and made a short talk in behalf of the petitioners, stating that extensive farming operations are being prepared for in that section and that the railroad had promised to install a siding at some convenient point if the road between the two thoroughfares is established. Upon motion the matter was referred to the roads and bridges committee with instructions to investigate and report at next meeting.

Chairman McEachern read a communication from Mr. C. R. Hudson, State agent for the National Farm Demonstration work, stating that the United States Department of Agriculture had $25,000 to put in farm demonstration work, and that wherever a county would appropriate $400 for the work the department would contribute a like amount, all of which would be used to pay some good local farmer to carry on the work under the direction of the government experts. Mr. Hudson suggested that if the Commissioners desired to have the work carried on in this county, they should make their appropriation at once, so that the work may be started on time.

All members of the board appeared heartily in favor of having the farm work carried on in this county and it was suggested that a demonstration farm be established on the county farm, and also on any private farm whose owners wished the co-operation of the government. Accordingly a resolution was adopted appropriating the money for the work and instructing the clerk to notify Mr. Hudson at once. One of the Commissioners declared after the meeting that he thought this $400 would bring the county better returns than any like amount ever expended by the board.

Capt. Walter G. MacRae reported on the survey made by him for the purpose of laying off the tract of land on the county home site which the board voted at the last meeting to donate to the Wilmington Red Cross Society, to be used as a location for a tuberculosis sanitarium. The tract is in the shape of a triangle and fronts 500 feet on the railroad tract and extends back 2,000 feet to a point, thence back along the Gordon road to the railroad track. It contains a little more than 10 acres.

The county attorney was instructed to draw up the deed transferring the property from the county to the Red Cross Sanitarium, after which it will be passed upon by the board and executed by the chairman and clerk.

A deed drawn by the county attorney, as authorized by the board at a former meeting, transferring from the county to Mr. F. L. Huggins a tract of four acres on the county farm site, was approved by the board and a resolution was adopted confirming the act of the county farm committee in making the transaction. The chairman and clerk were authorized to execute the deed and deliver the same to the Huggins Naval Stores Company upon receipt of the purchase price agreed upon, $800.

The following communication was received from S. A. Richardson, colored:

"To the Board of Commissioners of New Hanover County.

"Sirs:—I hereby turn over the management of the United Charities, for the reason that I get no help from the colored churches or individuals, the only resources being the county appropriations."

In view of Richardson's retirement, the board voted to discontinue the monthly appropriation for the United Charities for the reason that there was no responsible person to look after and distribute it.

Dr. W. D. MacMillan, county superintendent of health, reported that he had inspected and fumigated 27 rural schools during the past month, and that with one exception all were in condition for use. He recommended the necessary repairs to this one and the minor repairs to a number of others. He stated that Capt. R. B. Green, the county health officer, had made a general inspection of Carolina Heights, Carolina Place, Delgado, Winter Park, Sea Gate, Wrightsville and Wrightsville Beach and a house to house inspection at Carolina Place and Winter Park. Only two notices of unsanitary conditions were required. Dr. MacMillan reported that the regulations against the burying of dead animals seemed to be generally observed. He reported county institutions in their usual good condition, and stated that there had been little sickness for the past month. One death, he said, occurred in the county jail from delirium tremens, and an aged colored inmate of the county home had died September 1st. He said that conditions at the Federal Point convict camp, since it had been moved by order of the committee appointed by Judge Carter following the recommendations made by the last grand jury, are excellent and that if maintained as at present there will be no room for further complaint.

The committee apointed for the purpose recommended that the assessed valuations on a number of lots owned by Mr. E. L. Prince at Mer[illegible] place be lo[illegible] er valuations in the neighborhood, and the board voted to adopt the recommendations.

Jas. H. Moore, a colored preacher, asked the board to provide benches and a stand at the county home, where he conducts services each Sunday. He also asked the board to make some allowance to enable him to get to and from the county home on disagreeable Sundays. The matter was referred to the county home committee with power to act.

Register of Deeds John Haar reported 27 marriage licenses issued during the month of August, 17 for white and 10 for colored couples.

The action of the chairman in borrowing $10,000 for 60 days to replenish the general fund was approved. The general fund is not exhausted, but the money is tied up and not available at present.

Upon advice of the county attorney, the board decided that it had not the legal authority to reimburse the Good Government League for part of its expenses in bringing Detectives W. M. Pinson and E. C. Warren here to work up cases against lawbreakers. The amount asked for was $1,073.75.

The following were drawn as jurors for the next term of Superior Court, which is scheduled to convene September 23rd, for a two weeks' criminal and a one week civil term:

First week, Sept. 23—H. L. Fen-

* * *

Mr. and Mrs. Clarence L. Myers and child leave this morning for Hendersonville, N. C., where they will spend a part of the month of September.

* * *

Mr. and Mrs. T. H. Morris, of Petersburg, Va., are visiting Mrs. Morris' brother, Mr. H. E. Goodwin, at No. 512 North Third street.

* * *

The Woman's Foreign Missionary Society of Grace Methodist church, will meet tomorrow afternoon at 5 o'clock in the lecture room. All members are urged to be present.

* * *

Miss Fannie Maye Sidbury, of Ashton, who has been the charming house guest of Mrs. D. C. White at Chadbourn, for the past week, returned home Thursday, accompanied by Miss Cordela Tate.

* * *

Mrs. Marion Johnson, who has been visiting her mother, Mrs. J. W. Taylor, for several weeks, left last night for Richmond, Va., where she will spend 10 days before returning to her home at Waycross, Ga.

* * *

Mr. D. Frank Holloway, of the firm of Peck & Holloway, has returned from a business and pleasure trip to "Little Old New York," Atlantic City and other places of interests in the North and to his home in Maryland.

* * *

Yesterday afternoon's Fayetteville Observer: "Miss Nellie Cook, a member of the faculty of the Wilmington graded schools, who has been spending a part of her vacation with relatives here, returned yesterday to Wilmington."

* * *

Mrs. W. P. Mangum Turner and two children returned late Monday night from Healing Springs, Davidson county, where they spent several weeks. They were accompanied home by Mr. Turner, who spent the past few days at Healing Springs and Greensboro.

* * *

Mr. H. K. Nash, Jr., leaves this morning for Releigh where he will enter upon his third year at the A. & M. College. He will represent the Star as press correspondent at the A. & M. during the coming year and will also represent several other papers there.

* * *

Mr. A. T. Bowler, a popular young Wilmingtonian who last year completed his course at the A. & M. College and has since been connected with the Merchants' & Farmers' Bank, of Raleigh, has arrived in the city and is general bookeeper with the American National Bank. Many Wilmington friends have been delighted to welcome him "home" again.

* * *

Yesterday's Charlotte Observer: "An event of interest in the National social realm was a dinner given Saturday evening by Mrs. Pembroke Jones, of Wilmington and of Newport at her Newport home, Sherwood, in honor of Ambassador and Mrs. Bakhmeteff of Russia. This closed her season of large dinner parties and informal dances. Many other guests came in for the dancing. The terrace of the villa and the grounds were decorated with electric lights and there was a pretty floral arrangement for the dinner table and the ballroom. Mrs. Jones' guests included besides Ambassador and Mme. Bakhmeteff, Mr. and Mrs. Stuyvesant Fish, Senator and Mrs. George Peabody Wetmore, Mr. and Mrs. Elbridge T. Gerry, Mrs. John R. Drexel, Mr. and Mrs. J. W. Harriman, Miss Harriman, Mr. and Mrs. Grenville Yane, Henry Walters, Mrs. Vanderbilt, Mr. and Mrs. Forsyth Wickes and Mrs. Alexander S. Clark."

PERSONAL PARAGRAPHS.

—Mr. W. H. Pyke, of Southport, was here yesterday.

—Mr. A. Sellers, of Ivanhoe, was in the city yesterday.

—Mr. L. M. Bell, of Currie, was a visitor to the city yesterday.

—Mr. L. W. Temple, of Page's Mill, S. C., was a guest at The Orton yesterday.

—Mr. R. S. MacKnight, of Lake Waccamaw, was a guest at The Orton yesterday.

—Mr. J. A. Murphy and Miss Florence Murphy, of Atkinson, N. C., were guests at The Orton yesterday.

—Mr. T. B. Rochelle, of Maple Hill, Pender county, was in the city yesterday, making business calls.

—Mr. E. E. Doak, of Spartanburg, S. C., well and favorably known to the local baseball fraternity, was among the arrivals in the city last night.

—Among yesterday's guests at The Orton were H. L. Lyon, Esq., W. T. Aycock and Dr. R. B. Whitaker, of Whiteville; T. W. Alderman, Greensboro; J. B. Clark, Elizabethtown; H. C. Flint, Southern Pines.

—Among the arrivals at The Southern yesterday were: D. J. Corbett, Jr., Z. V. Corbett, Currie; H. L. Moore, Rocky Mount; N. Johnson, Wilson; F. P. Flynn, Currie; C. A. Russ, Shallotte; J. F. Blizard, Rose Hill.

—Among yesterday's guests at The Orton were W. H. Pyke, Southport; R. S. McKnight, Lake Waccamaw; E. J. Hill, Warsaw; J. A. Murphy, Miss Florence Murphy, Atkinson; Dr. R. B. Whitaker, H. L. Lyon, Whiteville.

REGULAR MEETING YESTERDAY

(Continued from Page Five.)

nell, M. M. Woody, T. C. Rhodes, H. T. Duls, J. T. King, G. A. Deihert, M. E. Grim, H. E. Peterson, B. A. Merritt, R. L. Clemmons, T. J. Dobson, H. T. Fergus, R. P. McClammy, R. H. Pickett, Louis Fryar, W. D. MacMillan, Jr., H. K. Holden, J. V. Fergus, B. K. Merritt, R. F. Sinclair, R. M. Shepard, D. M. Bornemann, D. E. Pridgen, O. O. Mills, E. R. Ellis, Benjamin Bell, C. E. Harrelson, C. H. Gaskins, J. B. Pinner, Thos. J. Moore, J. W. Boney, Jr., H. F. Canady, J. A. M. McDougal, Henry G. Lewis, J. H. Beery, J. F. McInnis.

Second week, Sept. 30—Simon Einstein, W. H. Jones, B. W. Newkirk, Jr., M. M. Parker, Jr., Jno. F. Powell, S. A. Rogers, G. W. Johnson, R. M. Schulken, W. H. Best, W. R. Vann, F. H. Bagg, J. J. Craig, M. P. Craig, J. T. Whitehurst, C. D. Gore, D. N. Page, S. W. Sanders, T. L. Morton.

Third week, Oct. 7—O. C. Hill, P. H. Walsh, I. W. Cooper, M. D. Bright, E. A. Kerr, r. A. Mason, A. L. Mincey, W. C. Boesch, O. M. Hill, Henry Horne, Addison Hewlett, Wm. Hollis, C. H. Kohler, Claude Murray, E. C. McLellan, J. T. Hawkins, F. W. Moore and D. W. Gross.

LOCAL DOTS.

—A horse dropped dead on Front street, between Church and Castle, yesterday afternoon, and it is supposed that sun stroke was the cause.

—The regular monthly meeting of the Board of Commissioners of Navigation and Pilotage will be held this morning at 11 o'clock at the offices of Messrs. Alex. Sprunt & Son.

—City Council will hold its regular weekly meeting this morning at 9:15 o'clock. It was stated at the City Hall yesterday that there are no matters of special interest to be considered.

—Express service was inaugurated by the Southern Express Company on the Wilmington, Brunswick & Southern railroad yesterday. The service is furnished all points on the road.

—The first cotton of the season arrived Monday and report of the receipts was made to the Chamber of Commerce yesterday, the Chamber being closed Monday on account of holiday. The receipts amounted to 75 bales and came by rail.

—Through an error in the copy of the advertisement for sealed proposals for Police and Fire uniform printed in the Star Sunday and yesterday, the grade of goods was described as "eighteen ounce Osewgo serge." It should have been 16-ounce Oswego serge, and bidders are asked to note the error and make their proposals on 16-ounce goods.

FUNERAL OF MRS. STANLEY

Held Yesterday from Home of Mr. Coy Hewett

The funeral of Mrs. D. N. Stanley, of this city, who died at the State Hospital in Raleigh Sunday night, was held from the home of Mr. Coy Hewett, No. 312 North Ninth street, yesterday afternoon at 5 o'clock, and was attended by a large number of sorrowing friends and relatives. Rev. Dr. J. H. Foster, pastor of the First Baptist church, of which the deceased was a member, conducted the serducted the services.

Following the services at the house the remains were borne to Bellevue cemetery, where the interment was made. The grave was covered with a profusion of handsome floral designs and fragrant flowers, attesting the deep sorrow felt by so many over the sad circumstances of Mrs. Stanley's death. The pallbearers were: Messrs. J. W. Brooks, R. R. Stone, J. H. Stone, W. W. Galloway, J. F. Tripp and T. F. McAllister.

Attended Nurserymen's Meeting.

Mr. E. I. Tinga, of the Holland Nurseries, Castle Haynes, N. C., has just deturned fro Augusta, Ga., where he attended the Southern Nurserymen's Convention. He said one of the things all the delegates from the 14 States agreed upon was: That it was of prime importance to send out good stock, well packed and true to name, so as to thoroughly satisfy the customer; that this was the best advertisement for the nurserymen and that this would help more than anything else to make the South richer, by planting those varieties of fruit trees that would bring the highest returns to the customers and make the South more beautiful still in planting more ornamental stock and roses.

Organization Meeting Held

The newly appointed County Board of Elections met yesterday and organized by the election of Mr. John S. McEachern as chairman and Mr. William Struthers, Jr., as secretary. The other member of the board is Mr. R. C. DeRosset. There was no other business before the board yesterday, but another meeting will be held next week for the purpose of naming registrars and pollholders for the general election in November.

Suit Started Yesterday

Suit was instituted in Superior Court yesterday morning by Mrs. M. E. Collins against A. C. Sneed and A. D. Rich, doing business as A. C. Sneed & Co. While the complaint has not yet been filed it is understood that the action is for the recovery of $400 or $500 as damages for the loss of furniture stored with the defendant company. W. P. Mangum Turner, Esq., represents the plaintiff.

An Englishman says it seems to him that American women dislike to wear clothes. If that blooming British jack-ass had to pay the dry goods and millinery bills of one of them he would change his mind alogether.

The Men Who Succeed

as heads of large enterprises are men of great energy. Success, today, demands health. To ail is to fail. It's utter folly for a man to endure a weak, run-down, half-alive condition when Electric Bitters will put him right on his feet in short order. "Four bottles did me more real good than any other medicine I ever took," writes Chas. B. Allen, Sylvania, Ga. "After years of suffering with rheumatism, liver trouble, stomach disorders, and deranged kidneys, I am again, thanks to Electric Bitters, sound and well." Try them. Only 50 cents at R. R. Bellamy's.

..Theatrical..

It will be comedy day at the Grand Theatre today and the management will offer a big Biograph carrying "Mr. Grouch at The Seashore" and "Through Dumb Luck," both being roaring farces and exceedingly timely.

"Mr. Grouch at the Seashore" is the story of an ill-tempered man who accompanies his wife to the seashore, but being so insanely jealous of her his stay is rather unpleasant. First of all he refuses to go bathing in the surf with her and she, despite his command not to go, goes in alone. Towering with rage at his wife's defiance, he gets himself into several embarassing positions. In fact he makes a fool of himself generally.

"Through Dum Luck" is a story of a sneak thief who snatches a jewel bag from a woman in the park and gets away with it. His act is seen by another crook who follows him and wants a share of the lot. The second feature film is "Alkali Ike Plays the Devil," the greatest Western comedy riot of mirth since Algali Ike's auto, the laugh film that turned the photoplay business topsy turvy. This is an Essanay and it is a good one.

At The Bijou.

Another one of the famous "Broncho Billy" series of moving pictures, in which the noted actor, G. M. Anderson, likely the most popular of all artists who appear before devotees of the "movies," will be offered at the head of todcy's big Bijou bill. This particular film is called "Broncho Billy's Escapade" and it is the best and most novel of the series. It is also thrilling. The card game in the western saloon, ending in a fight, the hot chase by the posse and the capture of a deputy sheriff by "Broncho," who makes the officer send the posse off on a false trail are some of the thrilling incidents of the photoplay, and will catch the fancy of all.

"The Live Wire" is another one of today's big stars, and true to its name it is a live wire. It combines something of the mystic with fun, and is a great film in every way. It deals with the ignorance of the Indians, who, while linemen are reparing, come in contact with a live wire. They do not understand the hidden power and the manner in which the different warriors try to fathom the mystery and conquer the live wire is decidedly interesting, as well as highly ludicrous.

The other films on today are also of the star type and will aid in making today one of the biggest in the history of the popular Bijou. Of course, the amusement palace will be just as comfortable as ever, the many electric fans and the perfect system of ventilation absolutely defying the heat. The price remains and ever will remain at the tiny figure of 5 cents, any old time and all the time.

"Jesse James Coming."

The Academy's next attraction will be "Jesse James" and while it is a popular price attraction it is said to be one of much merit and one that will furnish plenty of excitement and fun for all. After this attraction will come Al G. Field's Greater Minstrels, Sept. 16th, and from then on the season will be one that will wax fast and furious for fine attractions embracing the best in both the dramatic and musical comedy lines-fresh Broadway hits.

"Jesse James" comes to the Academy Saturday night of this week, Sept. 7th, and it will provide a performance of the best melo-dramatic type. The company to be seen in the production, which will be splendidly and correctly made, will be a most capable one, and the attraction, as a popular price one, has received some excellent press notices.

Seats will go on sale at Plummer's Friday morning and the scale will run but to 50 cents. The other prices will be 15, 25 and 50 cents.

The "Old Homestead."

The local theatrical season was opened last night at the Academy of Music, when Denman Thompson's "The Old Homestead" was presented to a rather small but appreciative audience. The extremely warm weather probably had much to do with the size of the audience. The production was well received by those present, and the applause was frequent. The play was well staged and the cast a very good one. There are few theatre-goers in America who are not acquainted with "The Old Homestead," for it has been before the public for more than 25 years, but it still possesses a deep charm and a rare touch of human interest that never fails to please.

Heavens! Suppose one of these days a big trust makes demand that Congress be investigated. It could at least get even by refusing to remember anything.

Healthy Mothers

Women who bear children and remain healthy are those who prepare their systems in advance of baby's coming. Unless the mother aids nature in its pre-natal work the crisis finds her system unequal to the demands made upon it, and she is often left with weakened health or chronic ailments. No remedy is so truly a help to nature as Mother's Friend, and no expectant mother should fail to use it. It relieves the pain and discomfort caused by the strain on the ligaments, makes pliant and elastic those fibres and muscles which nature is expanding, prevents numbness of limbs, and soothes the inflammation of breast glands. The system being thus prepared by Mother's Friend dispels the fear that the crisis may not be safely met. Mother's Friend assures a speedy and complete recovery for the mother, and she is left a healthy woman to enjoy the rearing of her child. Mother's Friend is sold at drug stores. Write for our free book for expectant mothers which contains much valuable information, and many suggestions of a helpful nature.

Mother's Friend

BRADFIELD REGULATOR CO., Atlanta, Ga.

WRIGHTSVILLE BEACH

L. M. Gray, Greenville, S. C.; Thos. S. Henness, New York; J. A. Fricker, Charlotte, were among yesterday's arrivals at the Oceanic Hotel.

Among last night's arrivals at the Oceanic Hotel were: Frank Parker, Raleigh; H. O. Curtis, Paxville, S. C.; S. T. Johnston, Dublin, Ga.; W. W. Stovall, Rutledge, Ga.

Arrivals yesterday at the Hanover Inn included Mr. and Mrs. W. D. Nesbitt, Birmingham, Ala.; J. N. Bourne, Chicago; O. G. Cellar, Wilmington. The latter will spend a week at the hotel.

Mr. Will Ortmann, who has had charge of the refreshment parlors at Lumina this Summer, was given a handsome present Monday by his employes as a token of their esteem for him The remembrance was greatly appreciated by Mr. Ortmann.

After having put in at Wrightsville Beach for the night on account of the extremely calm weather, the sloop H. L. V. Lawson, bound from Baltimore to Charleston, proceeded southward early yesterday morning, the breeze having freshened up a bit during the night.

An orchestra of six pieces will furnish music at Lumina throughout the remainder of this month, arrangements having been made by the Tidewater Power Co., and the Oceanic Hotel management, whereby the orchestra is to remain as long as the hotel is open for the entertainment of guests. Crowds will doubtless continue to flock to the beach throughout the month, especially if the warm weather continues.

Members of the Anderson and the All-Star baseball teams, which play a series of games at League Park beginning this afternoon, are guests at the Oceanic Hotel. The players arrived yesterday noon and went directly to Wrightsville Beach. In the afternoon they enjoyed a dip in the surf and are looking forward to another plunge early this morning. Some of the boys were talking about getting up as early as 4 o'clock and remaining in the surf until the breakfast hour.

Mr. W. J. Milner and party, of Chattanooga, Tenn., bound from New York City to Savannah, Ga., arrived at Wrightsville Beach yesterday morning in their private yacht "Ocoee," Captain A. L. Lund, which is one of the handsomest craft to visit the resort this season. The yacht is anchored in Banks Channel opposite the Oceanic Hotel and Mr. Milner and family are guests at the Oceanic Hotel during their stay at the beach. They expect to leave today, continuing their trip to Chattanooga. Mr. Milner and family have as their guest Miss Hardwick, of Chattanooga.

It seems that the spear that knows no brother has been jabbed into the son-in-law. A Bull Moose candidate for Congress has taken the field in Cincinnati against the Hon. Nick Longworth, consort to Princess Alice.

It is now in order for the Hon. Ted Roosevelt to denounce John D. Archbold as a man who has a face like a bishop and a heart like a highwayman.

How to get rid of its criminal population is a question that is worrying New York. Why not deport the police as a starter, and see what the result will be?

HER CONDITION QUITE CRITICAL

Suffered From Terrible Train Of Symptoms. Thinks Fatal Outcome Was Avoided by Timely Use of Cardui.

Columbia, S. C.—In a letter from this city, Miss Carrie Meetze says: "I was a perfect wreck, from sickness. I had pains in my right side, weak, fainting spell, dizziness, then numb and cold feelings.

At times, my feet were so swollen, I could not walk a step.

I also had backache, headache, was nervous, appetite good at times, more often not, and my kidneys troubled me.

A friend advised me to give Cardui, the woman's tonic, a trial. I did so, and from the very first it helped me.

At the end of two months, the swelling in my feet had gone down, and I was relieved from all the pains.

I continued taking Cardui, and now I do almost all my housework.

I am willing for you to publish what I write, for the good of other women, for I am sure that Cardui saved me from the grave."

The symptoms described in the above letter are proof that this lady was suffering from womanly trouble, and her cure shows that she took the right medicine for her trouble, namely: Cardui, the woman's tonic.

If you suffer as she did, do as she did, take Cardui, and it will surely do for you what it did for her. Why not?

N. B.—Write to: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper, on request.

MORPHINE Opium, Whiskey and Drug Habits treated at Home or at Sanitarium. Book on subject Free. DR. J. E. ST. OOLLEY, 79-N, Victor Sanitarium, Atlanta, Georgia.

TARIFF HAS NOT HELPED FARMERS

Senator Gardner Gives Reason For Supporting Wilson.

NOW IS TIME FOR REWARD

Too Long Have They Been Fooled by False Gods—Rallying to Democracy's Banners.

The reasons why those engaged in agricultural pursuits should support Governor Woodrow Wilson for President are strongly set forth by Senator Obediah Gardner of Maine, in an address to farmers.

Senator Gardner is a practical farmer, one who farms his own farm, and he is probably in closer touch and sympathy with country life and its environments than any other man in public life.

For twenty-five years Senator Gardner has been actively interested in the National Grange and for ten years he was the master of the State Grange of Maine. A few years ago he came within a close margin of being elected Governor of the Pine Tree State.

A little less than a year ago, when Senator Frye, who had represented Maine in the Senate for thirty years, died, Governor Plaisted honored Mr. Gardner, and recognized the agricultural interests of the country by appointing him to the United States Senate, where he has made a most creditable record, devoting particular attention to the welfare of the great rural population of the country. He is now a candidate for re-election and will undoubtedly be successful.

In his address Senator Gardner says:

To the Farmers of the United States, Greeting:

Being one of you and for the greater part of my life having been engaged in the practical every-day duties of my own farm; having been for 25 years past officially at work through boards of agriculture and the National and State Granges; having served four years as second officer of the National Grange and as master of the Maine State Grange ten years, during which time the order in Maine added 35,545 members and attained a power and influence never held before, I feel I am in a position to speak from the standpoint of one who knows the farmer and his needs, and it is solely because of this that I am prompted to address you.

For years farmers have justly complained of being required to pull at the short end of the yoke because of unfair and unjust discriminations in legislation and transportation, and at the present time the farmers are charged with being the cause of the high cost of living when as a matter of fact taking collectively—the amount invested in their business, the hours devoted to hard labor, and everything connected with the details of agricultural life—they are, as a whole, the poorest paid class of people in this country, while relatively the most important.

Farmers Have Been Deceived.

During all recent years farmers have been told what a great blessing has been theirs through the so-called protective tariff, and yet to find a market for their principal crops they have had to compete in the markets of the world where the price is fixed. But suddenly it is discovered that the farmer is the sole cause for the high cost of living, and what happens? The President (Mr. Taft) with a total disregard for the interests of the farmers, submits a plan to open up to competition with the farmers of the United States the products of Canada while being careful to preserve the tariff, or more correctly speaking the tax, on all the farmer has to buy, which, as clearly as anything can, exposes the hypocrisy and "humbuggery" of the claim that the tariff is any benefit to agricultural as compared with manuactured products.

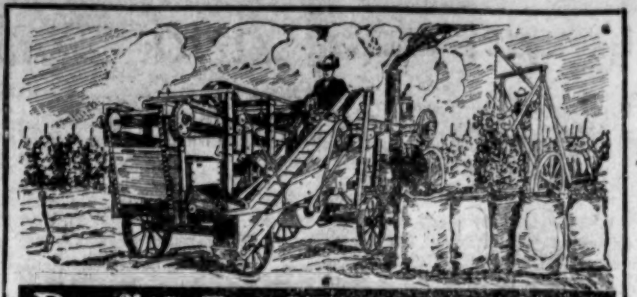
Now, the farmers of this country have an opportunity to benefit themselves that has never appeared within my recollection, as the Democratic party has been compelled by the force of public opinion to nominate a man for the presidency who is best equipped for that high office of any that have been nominated or elected since Lincoln. A man that I speak of from a personal acquaintance with and a knowledge of his fitness; a man of great natural ability, splendidly educated, not theoretically but practically, a keenness of intellect remarkable for its grasp of every condition with which he is confronted; an indomitable courage to do right; and above all a great broad tendency with and sympathy for all classes. He will make one of the most accessible Presidents ever in the White House, and through whom none will be refused a hearing, however humble, nor fail to receive justice at his hands. He is truly a marvelous man and I wish every person in the United States could know him as I know him, and supplementing all these qualities is the addition that his home is one of perfect balance.

None can meet the splendid Mrs. Wilson and her three refined, cultured daughters with their perfect naturalness, but must feel that the whole family of Woodrow Wilson was especially prepared to fill a great need in the present crisis in the history of our country, as were Washington, Jefferson, Jackson and Lincoln, and I would advise the farmers upon my reputation as a man, if you want to protect your own interests and those of your families; if you want to render the greatest possible good to your country and future generations; if you want to contribute your part to the end that popular government under God shall not perish from the earth, then see that the Hon. Woodrow Wilson is elected President. O. GARDNER.

At last Paris has gotten ashamed of itself and has designed a Madonna gown. It is a "fit" time for Paris to let "lose" this style.

THE PEOPLE AND THE CURRENCY.

In dealing with the complicated and difficult question of the reform of our banking and currency laws it is plain that we ought to consult very many persons besides the bankers, not because we distrust the bankers, but because they do not necessarily comprehend the business of the country, notwithstanding they are indispensable servants of it and may do a vast deal to make it hard or easy. No mere bankers' plan will meet the requirements, no matter how honestly conceived. It should be a merchants' and farmers' plan as well, elastic in the hands of those who use it as an indispensable part of their daily business.—From Woodrow Wilson's Speech Accepting the Democratic Nomination.



Profits Doubled With The Benthall Peanut Picker!

If you grow peanuts and do not use a Benthall Peanut Picker, you actually lose money by not owning one.

The Benthall makes peanut growing doubly profitable.

The wages you pay—the losses from delays in not getting your crop early to market—the losses from birds and stealing—cost you more than a machine.

If you own a Benthall, you and your boys can do the work of a hundred hands, and do it better. You send your crop to market early—secure highest prices. You stop the theft of your crop.

Growers now see that hand picking is far too costly.

The folly of attemping to "thresh" them has been plainly shown.

For machines that "thresh" them destroy profits.

They crack the nuts—and cracked nuts will not keep.

They grind the vines to smithereens—and these vines are the equal of alfalfa for feed—worth from $12 to $20 per ton.

Contrast such machines with the Benthall.

The vines are fed to the Benthall just as grain to the treshing machine.

The peanuts are pulled off the vine without injury to the shell. The machine picks as delicately as human fingers—hundreds of times more rapidly.

Many buyers give preference to Benthall picked nuts.

The vines are saved in perfect condition for hay.

The recleaning and bagging attachment makes it unnecessary to run the peanuts over for seed the second time.

This is the picker of proved worth—proved out in the peanut fields of Virginia.

Either Spanish or Virginia varieties are picked equally as well.

It is mounted—ready to hitch—as you would a farm wagon. You can easily move it from place to place.

There are models suited for horse or engine power—machines that are made interchangeable.

Every year sees more farmers using the Benthall. It has supplanted all other methods in many sections. And the demand this year promises to be greater than we can supply.

THE MACHINE THAT PAYS FOR ITSELF.

If you don't want to let profits slip thru your fingers—if you want to make money growing peanuts, write us for our folder "How the Benthall Pays For Itself." Sent Free upon request.

COTTON ADVANCES 35 POINTS

Sensationally Early Advance Followed by Sharp Break After Publication of Report—All Losses Recovered

New York, Sept. 3.—The cotton market was exceedingly active and excited today and while a sensational early advance was followed by a very sharp break right after the publication of the government's crop report, most of the loss was recovered with the market closing firm at a net gain of from 31 to 35 points, as compared with the final figures of last Friday.

The market opened at an advance of 14 to 23 points and before the government report was issued sold from 29 to 41 points above the closing figures of last week on general covering and buying by leading trade interests. Relatively steady Liverpool cables and numerous reports of crop deterioration as a result of dry, hot weather, both in the Eastern belt and in South Texas, seemed to alarm shorts who had carried their commitments over the holidays, and the buying for scattering account was very urgent on the advance. After selling up to 11.28 for December contracts, the market hesitated and reacted a few points late in the forenoon as a result of realizing, but no set-back of importance occurred until the actual publication of the government's condition figures. The average of 74.8, comparing wth 76.5 last month, 73.2 last year and the 10-year average of 73.7 appeared to be fully as bearish as had been anticipated and inside of 10 minutes after the report was issued the market showed a break of about 30 points from the best under renewed liquidation or local bear pressure. A very big demand was encountered on this setback to within 9 or 10 points of Friday's closing figures, and as soon as the first rush of selling orders had been executed, the market again firmed up, closing within 6 or 7 points of the best. Brokers who had been prominent sellers on the recent decline of nearly $12 per bale figured as heavy buyers during today's trading, and local operators attributed the strength of the market to a feeling that the government report had been fully discounted.

Receipts, 32,798 bales, against 32,542 last week and 27,233 last year. Today's receipts at New Orleans, 34, against 41 last year; at Houston, 15,968, against 9,294 last year, and at Galveston, 31,412, against 20,465 last year.

Spot closed quiet. Middling uplands, 11.50; middling gulf, 11.75; sales, 11,000 bales.

Futures closed firm.

Eggs—Firmer.

Coffee—Rio, No. 7, 14½. Futures, steady; Dec., 13.56; Mar., 13.58.

Potatoes—Firm.

Cabbages—Easy.

Freights—Strong.

Cotton Seed Oil—Higher early on covering and speculative buying on the advance in cotton and lard, but prices sagged off later under liquidation of September and October, and more liberal offerings oof crude. Sept., 6.40; Oct., 6.40; Nov., 6.12; Dec. and Jan., 6.05; prime crude, nominal. Do. Summer yellow, spot, 6.38@6.60; do. Winter yellow, 7.15 bid; do. Summer white, 6.50 bid.

DRY GOODS MARKET.

New York, Sept. 3.—The cotton goods markets opened steady, after the holidays. Repeat orders from the jobbing trade are reported in good volume. Silks are being offered for Spring on about the same basis as last year by some prominent houses. Yarns are steady. A good jobbing trade is reported.

THE FINANCIAL MARKET.

New York, Sept. 3.—Commercial bills, 4.83¼. Money on call, firm, at 3¼ to 4½; ruling rate, 3¼. Time loans, quiet; 60 days, 4@4¼; six months, 5 per cent.

A Harvard professor has succeeded in manufacturing "hot ice." It may be interesting as a chemical curiosity, but it will never be in demand for the head that aches on the morning after.

It seems that the Bull Moose party has served the purpose of a refuge for a large number of lame ducks.

WHEAT MARKET RULED HEAVY

Huge Receipts of Spring and Winter Crop Caused Weakness and Prices Declined—Other Grain Quotations

Chicago, Sept. 3.—Heaviness ruled the wheat market all day as the result of huge receipts from both the Spring and Winter crop. Closing prices showed a net decline of ⅞ to 1. Corn finished ⅛ to ¼@⅜ down, oats, unchanged to a shade off, and provisions varying from 2½ lower to an advance of 12½.

Cash grain:

Wheat—No. 2, red, 1.02@1.04; No. 2, hard, 936@95.

Corn—No. 3, 78½; No. 3, white, 78¾@79½; No. 3, yellow, 78¼@78½.

Oats—No. 3, white, 31½@32¼; standard, 32¼@33½.

Closing prices:

Wheat—Sept., 91¾; Dec., 92; May, 96@96⅛.

Corn—Sept., 72⅜; Dec., 54¾; May, 53⅞.

Oats—Sept., 31⅝; Dec., 32¼; May, 34⅝@34¾.

Pork—Oct., 17.82½@17.85; Jan., 19.32½; Sept., 17.72½.

Lard—Sept., 11.17½@11.20; Oct., 11.25; Dec., 10.95; Jan., 10.90.

Short Ribs—11.02½@11.05; Oct., 11.10; Jan., 10.32½.

Sept., 6.22; Sept.-Oct., 6.06; Oct.-Nov., 6.01; Nov.-Dec., 5.96; Dec.-Jan., 5.95½; Jan.-Feb., 5.96½; Feb.-Mar., 5.98; Mar.-Apr., 5.99½; Apr.-May, 6.01; May-June, 6.02; June-July, 6.01½; July-Aug., 6.01.

Chairman Hilles, manager of the Hon. Bill Taft's canmpaign, refers in a contemptuous way to the Democratic nominee for President as "Professor Wilson." If Governor Wilson cared to indulge in personalities he might recall the fact that the Hon. Hilles was the head of a delinquent juvenile asylum prior to his entrance into politics.

STOCK PRICES SHOW LOSSES

Resumption of Operations After Holidays Marked by Further Yielding of Quoted Values—Dealings Light

New York, Sept. 3.—Resumption of operations on the stock exchange today after the triple holiday was marked by a further yielding of quoted values which at times verged upon acute weakness. Dealings were relatively light and the decline at no time precipitate, though showing inherent signs of liquidation.

For this condition various recent and impending developments were accounted responsible. These included the sweeping order of the Inter-State Commerce Commission, postponing increased trans-continental freight rates until the end of the year. Last Saturday's bank statement disclosed another large decrease in the cash reserves of the local banks, and a further hardening of call money rates, due to diminishing supply. There were also such added factors as the government cotton report showing further deterioration in that staple during August and the Vermont election, which formed the basis of much conjecture. There was practically no offset to these unfavorable influences. Declines in standard stocks ranged from 2 to 4 points, Canadian Pacific again sustaining the greatest loss, with renewed pressure against the coalers, Union Pacific and Louisville and Nashville. Steel Smelting and Coppers were weakest of the prominent industrials, although the last named opened with some show of strength. Various specialities, including the tobacco group, fell back 1 to 4 points, the lowest level being attained in the last hour, when call loans rose to 4¼ per cent.

Bonds went lower in sympathy with the stocks. Total sales at par value aggregated $1,450,000. Total sales, 384,000, including Chesapeake and Ohio, 1,300; Louisville and Nashville, 1,100; Norfolk and Western, 1,800; Reading, 52,800; Southern Railway, 2,600; Southern Railway, pfd., 1,000; Union Pacific, 25,300; Tennessee Copper, 1,200; Virginia-Carolina Chemical, 900; Western Maryland, 200.

SPRECKELS FOR WILSON.

Western Sugar Man to Organize Republican Voters in Chicago.

Chicago Correspondence New York Times.)

Rudolph Spreckels, of San Francisco, a member of the well-known sugar family of that name, has arrived in Chicago to organize the Wilson National Progressive Republican League, of which he recently was appointed president by United States Senator Gore, cheif of the Democratic Organization Bureau.

"My mission in coming here is twofold," said Mr. Spreckles tonight. "I come as an admirer of and believer in Woodrow Wilson; to give him what aid and support I am capable of bringing to him in the Presidential campaign; as a sincere Progressive Republican, I also am determined to do everything within my power to preserve the party of Lincoln by an organization of all Progressive Republicans into an effective working force with which to continue the right for Progressive principles within our party, now and after the coming election.

"The fact that the Progressive Republican voters of the Nation were able to elect almost enough delegates to the National Republican Convention to control the nomination is sufficient proof that the rank and file of our party is progressive, and leaves no honorable justification for Roosevelt's disloyalty to the party in leading his followers in a bolt which has resulted only in dividing the Progressive Republican ranks."

GOULD HEAD OF RACING.

Frank J. Acheves Ambition of Biggest Stable Across Channel.

(Paris Correspondence New York American.)

Frank Jay Could in now far advanced in his undertaking to establish the biggest racing stable in France. After having had three locations for horse farms under consideration, he has finally selected one in Normandy because of the quality of grass-line which it contains and which gives admirable bone to horses. Only in parts of Ireland can the chemical elements giving such excellent equine result be found.

Mr. Gould's great but unlucky horse Cambourg has won $80,000. I say "unlucky" because the Grand Prix was scratched from him by having been crossed and jolted just as he was reaching home a sure winner, and because he lost the Ascot gold cup by turning his ankle as he was nearing the winning post. Cambourg is now sent to the stud farm, and, being by the bay Ronald, his get will inherit a more successful strain.

Mr. Gould has bought 13 yearlings from Count Nicolay and Maurice De Gheest. These are by Rabelais from St. Simon and are the highest priced yearlings.

DEATH LIST NOW FORTY.

And Damage Done by Storm Reaches $3,000,000.

Pittsburg, Sept. 3. — The task of clearing away wreckage caused by the storm of Sunday night and early yesterday progressed fairly well today at hundreds of points throughout Western and Northern Pennsylvania, West Virginia and a portion of Ohio. The list of fatalities reached 40 today. Whether others met death will not be known definitely before more headway is made with great piles of debris deposited by the raging water over wide stretches of territory.

The loss is conservatively placed at $2,000,000. The principal sufferers are farmers and railroads, although upwards of three score houses were wrecked and manufacturing plants sustained heavy damage to machinery.

Communication was re-established with Salineville, Ohio, late today. The town was almost wiped out by the flood, causing an estimated loss of over $200,000. Scores of persons were compelled to flee from their homes, but no deaths occurred. A number of houses were washed away, electric light plants put out of commission and the water works ruined. The natural gas system was flooded, depriving the town of fuel until a supply of coal could be brought in from nearby mines. The Cleveland and Pittsburg division of the Pennsylvania, between Salineville and New Salisbury suffered heavily.

COTTON CONDITION 74.8.

Estimate Announced Yesterday by Agricultural Department.

Washington, Sept. 3.—The condition of the growing cotton crop of the United States on August 25 was 74.8 per cent, of a normal, compared with 76.5 per cent, on July 25 this year, 73.2 per cent, on August 25 last year, 72.1 per cent, in 1910 and 73.6 per cent, the average of the past ten years on August 25. This estimate was announced at noon today by the Crop Reporting Board of the United States Department of Agriculture from the reports of the correspondents and agents of the Bureau of Statistics.

North Carolina's condition was 76 as compared with 78 for the 10-year average; South Carolina 73 as compared with 77 for the 10-year average; Virginia 82, as compared with 82 for 10-year average; Georgia 71 as compared with 77 for the 10-year average; Florida 74 as compared with 79; Alabama 72 as compared with 74 average; Mississippi 71 as compared with 75 average; Louisana 60 as compared with 69; Texas, 69 as compared with 69 average; Arganasa 78 as compared with 76 average; Tennessee 78 as compared with 84 average; Missouri as compared with 83 average; Oklahoma 85 as compared with 75.

FOR NICARAGUAN HUNGER

Red Cross Gives $1,000 for Purchase of Food Supplies

Washington Sept. 3.—The American Red Cross Society today allowed $1,000 for the purchase of food supplies for the suffering people in Nicaragua. Through the State Department the Red Cross has received reports telling of almost unbearable conditions facing non-combatants in the present revolution. At the present time it appears that fighting hunger is even a harder battle than seige at the hands of the rebels. The first of last month the Red Cross allowed $1,000 for the purchase of supplies for use in Nicaragua, but the scarcity of money and food in the republic, coupled with the failure of crops, made the amount of supplies bought with this money look small when the number of people to be fed was considered. The supplies were brought from the government commissary on the Panama canal zone.

Continuance of the present famine conditions are likely to aggravate the rebellious state of affairs already existing.

To avoid this, it is believed the Red Cross and the State Department will do all in their power to alleviate the suffering.

BEACH TRIAL POSTPONED

N. Y. Millionaire Will Face Charge of Assaulting Wife Next February

Aiken, S. C., Sept. 3.—Frederick O. Beach, the New York millionaire, will stand trial at the September term of the Aiken county Court of General Sessions on the charge of assaulting his wife and slashing her throat. Solicitor Gunter, after a conference of court officials today, postponed the trial until next February.

This action, it is stated, was made necessary by the large number of prisoners in the county jail whose cases are to be given precedence.

Charges against Beach grew out of a mysterious assault on Mrs. Beach at her Winter home here last February. She was attacked near her home, badly bruised and her throat cut.

In reply to the expressed belief that Beach never would face trial, Mayor Cyles, of this place, asserted tonight that he would personally assist Solicitor Gunter in the prosecution of the case next February.

BRITAIN EVENS UP.

Finishes First and Second in Motor-Boat Races.

Huntington, N. Y., Sept. 3.—Great Britain evened up the series of races for the Harmsworth trophy for motor boats today, the Maple Leaf IV, owned by W. Mackay Edgar, of London, and the Mona, Marquis of Anglesey's boat, finishing first and second, respectively, in the second race for the trophy. America won the first race last Saturday. The honor goes to the country winning the next race. The American boat Ankle Deep, owned by Count Casmir S. Manskowski, was third in today's race.

TAFT ADDRESSES CLERKS.

Tells Postoffice Men no Old Clerks Need Fear Discharge.

Boston, Sept. 3.—President Taft tonight contrasted the conditions that confronted a President in the days of the spoils system with the system of appointment under the Civil Service, attacked the Democratic house of Representatives for attempting to limit the tenure of government employes and declared that so long as he has the power no old government clerk need fear discharge unless a system of pensions to keep him from want in his old age were established.

The President spoke in Feneuil Hall to several hundred postoffice employes now in convention here. He said that the job of President in these days is not a thing of joy when appointments are considered, but the times of Lincoln, he added, "must have been a perfect hell."

Mr. Taft motored in from Beverly three hours before his train left for Washington tonight to speak to the clerks. He limped into Faneuil Hall with his right foot in bandages and wearing on it a loose felt slipper instead of a shoe. The foot was injured several years ago while Mr. Taft was playing and lately he strained it again. He was able to stand without aid tonight and did not use a cane in walking.

It was expected that he would be able to go out on the links again when he returns to Beverly Saturday.

DIES IN ELECTION FIGHT

One Man Killed and Another Wounded In New Orleans

New Orleans, Sept. 3.—After two men had been shot, one fatally, in an election fight soon after the polls opened here early this morning, citizens armed with rifles and shot guns guarded polling places unmolested by the police. The fight was between the Good Government League, so-called reformers and the ring, and the election is for parochial offices.

Governor Hall this afternoon ordered the State adjutant general here preparatory to calling out the militia if necessary. He also proposed to Mayor Behrman that 400 men of each faction be apointed to preserve peace. This was refused. Governor Hall came here from Baton Rouge tonight and announced he would assume police powers of the city at the slightest indication of an outbreak.

In the fight this morning, in the Fifth ward, Adolph Bonee, a negro "reformer," was shot in the abdomen and Paul Rivard, "regular," was hit in the groin by Harry Pettingill, "regular." The bullet Rivard stopped was intended for the negro.

The "regulars have elected their candidate for district attorney over which there was a hard fight, but contests over other offices had not been decided at midnight.

VISITS GUNMEN

Whitman Says Rose, Webber and Vallon Are Standing Pat

New York, Sept. 3.—After a two hour visit tonight with Jack Rose, "Bridgie" Webber and Harry Vallon, self accused accomplices of Becker, who are confined in the westside prison, Mr. Whitman announced that the three were all "standing pat," on their stories accusing Becker of instigating the murder, and said that he was ready to begin the trial.

The aldermanic committee appointed to investigate general graft conditions in the police department, it was announced today, will begin its inquiry Monday. Mayor Gaynor will be asked to appear as an early witness.

The John Doe proceedings convened today at an extraordinary term of the Supreme Court to investigate police corruption, were brought to a temporary halt owing to the exhaustion of the panel from which an extraordinary grand jury was being chosen.

Tomorrow District Attorney Whitman will request Governor Dix to convene another extraordinary term of the Supreme Court with authority to empanel another grand jury, which, under the law, cannot be done until next month.

DIED SAVING COMPANION.

Miss Annie Nixon Drowned While Attempting to Rescue Friend.

Washington, Sept. 3.—Miss Annice Dorothy Nixon, 22 years old, the daughter of Richard B. Nixon, financial clerk of the United States Senate, was drowned at Colonial Beach, Va., today in a vain attempt to rescue her swimming companion, Franklin W. Wiseman, aged 29. A party of friends including Miss Nixon's two sisters witnessed the double tragedy from the beach.

Miss Nixon and Wiseman, wearing bathing suits, had gone out on Chesapeake Bay in a row boat, and the boy jumped overboard to swim ashore. When some distance from the boat, he began to call for help, and the girl tried to reach him. Wiseman went down, and when Miss Nixon attempted to get back to the boat again she was caught by the tide and swept out into the bay, to drown.

The bodies were recovered and brought to Washington tonight.

Young Wiseman, whose home was in Havanna, Ill., was employed in the Census Bureau.

STORM-SWEPT AGAIN

Another Death and Much Wreckage Caused by Elements

Pittsburg, Sept. 3.—Another severe rainstorm was experienced at Washington and Cancnsburg, Pa., early tonight. The second storm since Sunday caused one death at Washington, wrecked three bridges and spread terror among inhabitants already crushed by a previous visit of the elements. The flood of Sunday night seems to have repeated at Wasnington and Canonsburg. A dozen houses were swept away tonight by flood waters, while gas mains were broken and communication by rail and wire seriously crippled. Finleyville is under water tonight as a result of the second storm. Residents at that place were compelled to wade through water up to their knees and tonight have sought the higher parts of the town.

Electric light and gas systems are out of commission. The body of a child was seen floating down Peters creek at Finleyville, but efforts to rescue it were futile. Reports tonight state a terrific storm at Westland, Pa., visited there and wires are down to that point.

REBELS ADVANCING.

Reach Into the Cananea Destrict and Burn Bridges.

Cananea, Mexico, Sept. 3.—Rebels reached into the Cananea district today, cut all the wires between here and Naco and burned three railroad bridges. When the news reached Cananea, 200 men left to engage the rebels, reported as numbering about 125 mounted men.

Later the force of volunteers to defent Cananea in event of an attack by the rebels was increased to 1,200.

Col. Campa in command of the rebels was reported to be en route for Mogollon Peak in the Aja Mountain range, where he would join Escabosa's command. A combined attack on Cananea was reported to be the intention of the rebel commander. Campa's forces are reported to be in dire need of provisions, though having plenty of horses and ammunition.

Marfa, Texas, Sept. 3.—Ojinaga was captured by rebels today without firing a shot. The Federal forces commanded by General Sanchez fled to the hills and a small garrison left behind failed to fight.

With the capture of Ojinaga the rebels have secured badly needed provisions, arms and ammunition.

BECKER WOULDN'T PLEAD.

Trial Set For Sept. 12—Counsel Will Fight ForDelay.

New York, Sept. 3.—After Lieut. Becker had today refused to plead to the indictment charging him with the murder of Herman Rosenthal, the gambler, Justice Goff in the Supereme Court ordered that a plea of not guilty be entered in his behalf and set his trial for Sept. 12. Although John F. McIntyre, Becker's counsel, who fought by every device today to have the trial delayed, threatens to continue his tactics, Mr. Whitman is confident he will be able to block all efforts in this direction. Mr. McIntyre's only legal recourse that has a chance of success, Mr. Whitman said tonight, was an application for a change of venue, and this he predicted would fail. It might however, delay the trial several days. A panel of 250 talesmen for Becker's trial was requested from the commissioner of jurors today by the District Attorney, who expects that a jury will be obtained with great difficulty. No case has come up in New York in several years for which so large a panel has been requested.

MAXTON UNION DEPOT

Seaboard Fighting Order of the Corporation Commission

(Special Star Telegram.)

Raleigh, N. C., Sept. 3.—The Corporation Commission this afternoon gave a hearing to citizens of Maxton and the officers and counsel for the Seaboard Air Line on the matter of the recent order of the Commission for the Seaboard Air Line and the Atlantic Coast Line to join in the erection of an adequate union passenger station for Maxton on the site of the present Seaboard freight depot. The citizens are vigorously supporting the order of the Commission and the Seaboard authorities are insisting that the company should not be made to sacrifice its present freight depot and build another on a new location in addition to the expense of the proposed new passenger station. The Commission took the matter under advisement. Here for the Seaboard were Superintendent Shea and James H. Pou and Murray Allen, as counsel. Representing the citizens of Maxton were G. B. Patterson, W. B. Harker, Mayor McKinnon, Sandy McKinnon and J. W. Carter.

TO FREE HIS YOUNG WIFE.

Cuban Tries to Raise Money to Give To Mexican Rebels.

El Paso, Texas, Sept. 3.—After a hard ride of more than a thousand miles Alonzo Fernandez Arquilles, a Cuban citizen, arrived here today to raise 2,000 pesos to free his young wife, held hostage by rebels at Colonia Diaz.

Arquilles called on Col. E. Z. Steever at Fort Bliss and appealed to Gen. Joaquin Tellez, commander of the Mexican Federal forces about Juarez.

Three days ago 20 rebels visited the ranch which Arquilles managed for a Mexico City concern and demanded 2,000 pesos which the Cuban could not produce. He was given until next Wednesday to obtain the money. He started at once for El Paso, his wife being held as hostage.

Arquilles said if he failed to obtain the monye he would return tomorrow to give himself up.

CONFERENCES CONTINUED.

Railway of Southeast and Employes Reach no Agreement.

Washington, Sept. 3.—Conferences between the Southeastern railways and their freight and passenger conductors and trainmen over a general wage increase were continued here today, with the employers and their men no nearer an agreement than they were three weeks ago. Persident Garrettson, of the conductors, declared there was no truth in rumors that a strike order would be issued shortly.

He said everything was going along satisfactorily in the conference and he did not anticipate any difficulty about reaching a satisfactory settlement of the differences.

FOR COLLECTIVE OWNERSHIP

Wage Earners Must Own Land And Railways, Says Thorne

Newport, England, Sept. 2.—The annual session of the Trades Union Congress convened here today, with a large number of delegates in attendance.

William J. Thorne, Laborite member of Parliament for West Ham and president of the Congress, in his address declared that the unrest in labor circles would not cease until the laborer's present social inequalities were removed.

He said that the object of all wage earners should be collective owner ship of land and railways.

When some women die and go to heaven they'll put aside a harp for a broom and a dusting cloth.

Maybe after that hemp scandal is settled we will get better cigars.

The man who continually shoots off his mouth rarely hits anything.

Your had luck may be due to bad management. Call a halt.

CONFERS WITH WALDO

Police Capt. Hayes May Furnish Sensational Evidence

New York, Sept. 3.—Police Captain Cornelius G. Hayes, recently demoted from the rank of inspector by Police Inspector Waldo, went into secret conference at the Bar Association late tonight with District Attorney Whitman.

The conference, when news of it became known, gave rise to reports that the prosecutor would soon be in possession of sensational evidence regarding the police "system" and its alleged methods of collecting graft.

Hayes, who is about to go to trial on the charge of falsely stating that he had received instructions from Commissioner Waldo not to raid disorderly houses unless specifically ordered to do so by the commissioner, attended the conference, and took with him his counsel, Thos. D. Thatcher.

REBELS ARE LOOTING.

Many Ranchers Suffer Loss of Live Stock—Cowboys Flee.

Washington, Sept. 3.—Confirmation of the press reports of the great activity of rebel looting parties, in northern Mexico, continue to reach the State Department from its consuls in that section. Naturally, these raiders, who are constantly kept on the jump by the pursuing goverment column, are looking for horses and the ranches are suffering the loss of their live stock wherever they appear. At one point the rebels captured 5,000 rounds of ammunition, which was destined for the government forces. At the Verde Ranch, 15 miles south of Taco, they took 70 horses and fired on the cowboys, all of whom fled to Naco, except Oscar Sims, and Roy Adams, who still are missing.

BUSINESS LOCALS

Advertisements inserted under this head, One Cent per word for each insertion, but no advertisement taken for less than 25c. Additional words, more than 25, One Cent per word. Unless the advertiser has a regular account, all advertisements under this head are STRICTLY CASH IN ADVANCE, the amounts being too small to warrant a charge. The Star will send without charge, a Western Union Messenger to any address in the city for advertisements in this department upon request by 'Phone to No. 51. A Messenger will also call for telegrams for the Western Union Telegraph Company, or for notes or small packages to be delivered anywhere in the city. No charge for collecting the telegrams, but a small charge for strictly Messenger Service calls will be made, or telephone subscribers may at any time telephone their telegrams; bills rendered to suit the sender, daily, weekly or monthly. For this service, call "Western Union." But for advertisements, always call the Star office, No. 51.
